American Bomb  
Recovered From  
Mediterranean

(See Picture on Page 6)

MADRID (AP)—An American H-bomb missing since the crash of a U.S. nuclear bomber Jan. 17 has been recovered from the Mediterranean off Spain's southeast coast, it was officially announced today. The bomb, which was lost when a B52 bomber and a tanker plane collided over Palomares Beach, was recovered by a U.S. naval task force which had been searching the sea depths for more than two months.

Berliners  
Flock to Jet  
Crash Site

BERLIN (AP)—Thousands of West Berliners flocked today to the site in the Havel River where a Soviet Military jet crashed. There was still a mystery as to what happened to the crew.

The Russians said the two-man crew perished when the plane crashed Wednesday afternoon. A British spokesman at the scene in the British sector reported divers had found no bodies.

People lined the rivers' banks and picnicked along nearby wooded trails. The water around the crash scene was reserved for the barges that were working to bring up the plane.

More than a dozen uniformed Russian officers and enlisted men were at the site.

The official news agency Tass reported earlier that the pilot, Capt. Boris Kapustin, and his navigator, Lt. Yuri Yanov, gave their lives to insure that the plane went down in an uninhabited spot.

Later the East German news agency ADN said that Tass had requested that ADN withdraw its version of the Tass story. Later Tass advised ADN to release the story. No reason was given for the change in signals.

Spud Growers  
Sign Contract  
With Simplot

RUPERT—Potato growers in eight Magic Valley counties have signed a contract agreement with J. R. Simplot Co., Keith Thomas, Rupert, district chairman of the Potato Growers and Marketing Association, said Thursday.

Officials from districts 5 and 6 of the association met here Wednesday afternoon with representatives of the Simplot firm and agreed to the contract which pays \$1.40 per hundredweight for all potatoes 1½ inches or larger which are No. 2 or better.

Thomas explained the contract has several other clauses. One provision is that growers will get 25 cents per hundredweight for all eliminators and culls and one cent increase in price if 50 to 60 per cent of their crop is No. 1 quality.

They will get "2 cents up" if the potatoes run 60 to 70 per cent No. 1's and "1 cent up" on all potatoes 10 ounces or larger, if they are from 25 to 35 per cent No. 1.

The contract covers growers in Minidoka, Cassia, Gooding, Jerome, Twin Falls, Lincoln, Blaine and the east end of Elmore County.

Government  
Spending Cut  
Is Urged

WASHINGTON (AP)—Seven members of Congress said today President Johnson should get out his pencil and cut down on vast federal spending.

Sen. George Murphy of California said housewives were confused when the President asked them last week to get out their pencils and cut down the family shopping list.

"If the administration really wants to control inflation and hold down the cost of living, wouldn't it make more sense for the Great Society to go on a fiscal diet and cut out all unnecessary government sweets?" Murphy asked.

The four senators and three House members called a news conference to read statements renewing GOP calls for restraint in federal spending.

They included Sen. Murphy, Paul Fannin of Arizona; Carl T. Curtis of Nebraska; and Peter H. Dominick of Colorado; and Reps. John M. Ashbrook of Ohio; Paul Findley of Illinois; and William L. Dickinson of Alabama.

**LIBRARY CLOSED**  
WASHINGTON (AP)—State Department officials say the U.S. Information Service Library at Zanzibar has been shut down on orders of the Zanzibar government.

HOLDING ONE OF more than 100 dogs taken from a truck and impounded temporarily while the occupants of the truck faced charges in Lexington, Ky., Police Court is James Bryan, manager of the Lexington Humane Society shelter. The dogs were released to their owner, who trucked them to Ohio for sale to a Friedensburg, Pa., kennel. That kennel then will sell them to government laboratories. Their owner says the dogs were bought from dog wardens in Kentucky, and that none of them is stolen. (AP wirephoto)

Congress Has Easter Recess  
After Pre-Holiday Push

WASHINGTON (AP)—Congress starts its Easter recess today after approving the food-for-India program and a two-month extension in signups for doctors' bills insurance under Medicare. In a big pre-holiday push Wednesday, the House also passed a 2.9-per-cent pay raise for 1.8 million federal workers and two major money bills totaling \$8.3 billion to finance activities of the Treasury, Post Office and Interior.

The Senate was busy approving President Johnson's proposal to transfer the Community Relations Service, which mediates civil rights disputes, from the Commerce to the Justice Department.

After recessing today the House will be off until April 18. The Senate plans to come back April 13 for debate—but no immediate action—on Republican Leader Everett M. Dirksen's proposed constitutional amendment to modify the Supreme Court ruling that both houses of state legislatures must be apportioned according to population.

Many congressmen will take advantage of the recess to return home to feel the public pulse on such matters as Vietnam, government spending and inflation, and to get in a bit of campaigning for November's congressional elections.

But six senators and seven representatives plus staff members and wives plan to spend the holiday in Australia—with stops also in Honolulu, New Zealand and perhaps Tahiti.

They left Wednesday on an expense-paid junket as U.S. delegates to the spring meeting of the Interparliamentary Union in Canberra, Australia. The stops are being made because their Air Force jets lack sleeping facilities, they said.

Apparently buried in the flurry of legislative activity Wednesday was what House Speaker John W. McCormack termed a misunderstanding involving the House Democratic leadership and 22 Western Democratic House members—most of them firm administration backers.

They charged that the Democratic whip organization, which checks members' views and attempts to line up votes for administration bills, had leaked information to some lobbyists and White House aides—who then tried to exert pressure on some of them.

The chief Democratic House whip, Louisiana's Hale Boggs, called the whole thing "a tempest in a teapot" and said usually "we know how they are going to vote, whether there is a count or not."

SALT LAKE CITY (AP)—Robert Welch, founder of the John Birch Society, will speak this evening at a "Freedom Dinner" in Salt Lake City's Hotel Utah.

United Brethren, Assembly of God, First Baptist, Eastside Southern Baptist, Church of the Brethren, Our Savior Lutheran, Nazarene, Presbyterian and Salvation Army.

Rev. Keith Maxwell, pastor of the United Brethren Church, is in charge of arrangements for the annual event and said the young people will be providing special music, prayer and other portions of the program. The First Christian Church

orchestra will provide accompaniment for congregational singing and special music.

Following services, many participating youths will hold Easter breakfasts, some jointly with other churches. Following the breakfast regular Easter Sunday services will be held at most Twin Falls churches.

Several churches also will hold special Easter programs during the regular Sunday school hour. At the Episcopal Church of

Lawyers Optimistic  
On Prisoner Rights

WASHINGTON (AP)—A small group of southern New Jersey lawyers expressed optimism today on its efforts to protect the legal rights of the more than 60 Americans taken prisoner by the North Vietnamese. Patrick T. McGahn Jr., an Atlantic City lawyer who founded and heads the Society for the Defense of American Prisoners in North Vietnam, said his proposal was being forwarded to Ho Chi Minh, president of North Vietnam.

Protests at  
College Settle  
After 3 Days

(See Picture on Page 23)

LORMAN, Miss. (AP)—The Negro against Negro civil rights dispute at Alcorn A. and M. College settled today after three days and nights of stormy protests.

The highway patrol, which guarded the campus home of Alcorn President J. D. Boyd with 50 troopers during a demonstration Wednesday night, reduced its force to two cruising cars.

No classes were scheduled Friday and students prepared for Easter trips home.

The nighttime demonstration, which followed a day of quiet, started with a noisy snake dance some distance from Boyd's house and ended with about 370 students filing silently by the two-story structure.

Boyd says Negro leader Charles Evers is responsible for the disorders. Evers has said Boyd should be removed from his post for suspending students and firing faculty members involved in civil rights activity.

Evers had flooded the campus with elementary-school children, Boyd said, in order to create trouble. He also denied the charges by Evers, an Alcorn graduate who became state field secretary for the National Association for the Advancement of Colored People.

**DRAFT CALL SET**  
WASHINGTON (AP)—The June draft call has been set at 15,000 by the Defense Department, the lowest level since the Viet Nam buildup began last August.

The UAR Embassy in Washington notified the society Wednesday it was forwarding the group's plea to Cairo in order to send it to North Vietnam through diplomatic channels.

McGahn's proposal to Ho Chi Minh asks for permission to allow the society to visit Hanoi to discuss the terms of the 1949 Geneva Convention regarding prisoners held by a detaining power.

"We hope that we might be afforded the opportunity to visit American prisoners who are being detained by your government," the proposal asserts.

"I'll be satisfied if they will tell me there is no need to go because they intend to abide by the Geneva Convention," McGahn said. He was in Washington the past few days working on his project.

1,000 Demonstrate  
In Saigon Streets,  
Burn U.S. Jeep

SAIGON (AP)—About 1,000 demonstrators rioted in Saigon streets tonight, burned a U.S. military police jeep and stoned an American motorcyclist a few hours after Buddhist leaders leveled a fresh demand at Premier Nguyen Cao Ky's military government. The Buddhists called for Ky's regime to pledge publicly to step aside in favor of a civilian government in five or six months. A banner displayed during the outbreak in the streets, said: "end the war immediately."

Charging behind two fire trucks spouting water from high-pressure hoses, Vietnamese airborne troops finally drove the demonstrators into the compound of Saigon's Buddhist Institute.

The demonstrators—in the streets for six nights now demanding the ouster of the military regime—burned the U.S. military police jeep and stoned an American who was riding on a motorcycle with a Vietnamese girl. They set the motorcycle afire.

There were conflicting accounts of what happened to the American and the girl. Persons on the scene said both fled into a house, which the demonstrators stoned.

Other accounts said the girl had run inside the house, while the man dashed down the street and flagged a car that carried him away.

A U.S. military policeman on the scene said the motorcyclist was an American civilian who worked for a contractor at Saigon's airport.

A tentative identification by the military gave his name as Larry Dewitt, but no hometown was available.

Saigon's mayor, Lt. Col. Van Van Cua, issued orders for the immediate induction into the military of all youths of draft age arrested in the rioting, municipal government sources reported.

As the violence spread, part of the mob turned its wrath on an American civilian and a Vietnamese girl trying to maneuver through on a motorcycle. They drove the couple off with a barrage of rocks and shattered glass windows and doors of a house where they had sought refuge.

The demonstrators dragged off the motorcycle and also set it ablaze.

A jeep with three Vietnamese policemen arrived and hurled tear gas grenades at the mob as flames engulfed the motorcycle to the cheers of the mob. Several more jeeps with American military policemen and Viet Nam soldiers followed.

Engelking to  
Set Campaign  
On New Plan

BOISE (AP)—D. F. Engelking, state superintendent of public instruction, announced Wednesday he is a candidate for re-election and will base his campaign on a 14-point program for improvement of Idaho schools.

A Democrat, Engelking will be seeking a third term. Among the 14 points in his program for school improvement he listed these:

—Development of a state-supported kindergarten program.

—Appointment of an advisory committee of 15 or more Idaho citizens "to evaluate our educational needs and make recommendations which may be presented to the next session of the legislature."

—Initiation and implementation of a coordinated program of educational television for the public schools through the higher institutions of the state.

—Involvement with the higher institutions in a program of research for innovations that will aid in the improvement of education at the elementary and secondary levels.

—Expansion of summer school programs for school districts with more than 750 students.

—Promotion of the teacher aide concept to provide more planning and actual teaching time for the teacher.

**Smylie Prepares Taped TV Show**  
BOISE (AP)—Gov. Robert E. Smylie was in Chicago Thursday preparing a taped television program for later showings throughout the nation.

The program was "Your Right to Say It" produced by Northwestern University. The subject of the interview at which Smylie was the guest was "The GOP Goes for Broke."

Smylie appeared as the chairman of the National Republican Governors' Association.

District 24 Has GOP  
Race for Senate Post

A contest has developed for the nomination for state senator on the Republican ticket in the newly formed Legislative District 24. John M. Barker, Buhl businessman, announced his candidacy Wednesday evening for the district, which includes the western portion of Twin Falls city and west end of the county. Douglas Kramer, Twin Falls lawyer, who announced his candidacy for the nomination earlier, said Thursday he was "committed to have an opponent. My opponent is a dignified individual who had been established in the insurance business for many years when I first started my law practice in Buhl 15 years ago."

Barker said his experience in the past 28 years in the casualty and fire insurance business, as well as some farm management and livestock operations, "has acquainted me with many of the problems in these fields."

"My nearly nine years as a director of the American Falls Reservoir District have made me acutely aware of the problems in the water field. There is no doubt that the American Falls reservoir will have to be replaced in the not too distant future."

Kramer pointed out, in commenting on Barker's announcement, "The Republican party can have a choice—I am a lawyer; he is an insurance agent. I am a resident of the farm and he resides in the city."

Both candidates are presidents of the Chamber of Commerce. See CANDIDATES, pg. 2, col. 6

**May 2-7 Is Filing Period For Primary**  
Twin Falls County will accept petitions for candidates from May 2-7, Harold Lancaster, Twin Falls County clerk, reported Thursday.

Lancaster said all persons desiring to file a petition must file during that week, and he will keep his office open until 5 p.m. Saturday for the convenience of prospective candidates. Lancaster said no less than five and no more than 10 signatures may appear on any petition.

Persons filing for the position of precinct committeemen must live in the precinct in which they plan to run.

Persons may file petitions either for state or county offices.

According to Lancaster, the only office which will not be open for filing is the sheriff's office. Lancaster said the job of sheriff is now a four-year term, and a restraining order has been placed on his office to prevent filing of petitions for that office.

The four-year sheriff's term came about after a legal bout in Power County earlier this year.

**Illness Takes Albion Aide, C.E. Simonsen**  
ALBION—C. E. (Joe) Simonsen, 68, Albion banker, died Wednesday at Cassia Memorial Hospital of a lingering illness.

He was born Oct. 17, 1897, at Preston and moved to Boise as a young child, attending school there. In 1916 he was graduated from Boise High School. Later he attended the University of Idaho.

In 1919 he married Pauline Lachs in Boise. Mrs. Simonsen worked in the office of the Idaho State Board of Education. In 1919 he moved to Albion and served as a bursar of the former Albion State Normal School. He held this position until the school was closed in 1951.

He became a director of the D. L. Evans Bank and Co. here in 1925 and served as secretary, president and vice president. In 1931 he became executive vice president and manager.

Mr. Simonsen was one of the organizers of the South Central group of the Idaho Bankers Association and was elected head of the group in 1949. He belonged to the Masonic Lodge, Elks Lodge and the El Korah temple of the Shrine.

A veteran of World War I, Mr. Simonsen served as mayor of Albion for 28 years.

Survivors include his widow, two daughters, Mrs. Clarence (Polly) Bishop, Burley, and Mrs. Michael (Betty) Novosel, Salt Lake City; one brother, Lowell Simonsen, Hailey; two sisters, Mrs. George Barrett, Caldwell, and Mrs. Helen McColligan, San Jose, Calif., and eight grandchildren.

Funeral services will be conducted at 11 a.m. Saturday in the Burley Methodist Church by Rev. Paul L. Ludlow. Concluding rites will be held in Gem Memorial Garden. Friends may call at the Payne Mortuary, Burley, Friday afternoon and evening and Saturday until time of services.

**FLIES TO TEXAS**  
WASHINGTON (AP)—President Johnson will fly to his Texas ranch today to spend the Easter holiday there with Mrs. Johnson and their two daughters.

# Temperatures Stay Cool in Eastern U. S.

By The Associated Press  
The nation's weather pattern appeared unchanged today from the past several days — temperatures below normal in the eastern half and above seasonal levels in much of the interior of the Far West.

Unseasonably cool air from a low pressure system centered over the Great Lakes region dropped temperatures during the night and early morning into the 30s and 40s from the mid-50s and 60s along the Atlantic Coast, including parts of the Southeast. Readings generally were about 10 degrees below normal in most sections.

More snow flurries and light snow fell intermittently across the Midwest to the Appalachians.

Generally clear and fairly mild weather continued in wide sections from the Rockies to the Pacific.

The mercury reached the 90s in parts of the Southwest desert region Wednesday, in the 80s in the interior valleys of California and Oregon and 70 near the Canadian border in central Washington.

Early morning temperatures ranged from 24 near Salt Lake, Marie, Mich., to 75 at Thermal, Calif.

**BUHL** — Rev. Lloyd Godwin, San Diego, Calif., will be featured speaker for a two-week revival service to be held at the Buhl Calvary Assembly Church located on Truck Lane W. and Poplar St., according to Rev. George Duncan, local pastor.

Services begin Sunday and will be held each evening at 8 p.m. All interested persons are invited.

Rev. Godwin has held pastorates in Texas and has conducted evangelistic services in Oregon and California. Special music and singing for the local services will be furnished by the well known Magic Valley gospel singing group, "The King's Harvesters."

# Weather, Temperatures

**SYNOPSIS AND AGRICULTURAL SUMMARY**  
Beautiful spring weather will continue in this district today and Friday and no major change appears likely for Saturday. This has ceased to be welcome news to farmers and ranchers. Lack of soil moisture has reached, or is reaching, a critical stage throughout most of the Snake River Valley and rain is badly needed in dryland areas and by irrigation farmers who do not have water immediately available.

There are still indications that high pressure over the Intermountain West will weaken enough to allow a few showers to move into this area Saturday or Sunday, but rainfall will probably be too sparse and light to relieve the soil moisture shortage, at least through this weekend.

Most places will be slightly warmer this afternoon and little change in temperatures is expected tonight and Friday. Somewhat cooler, daytime temperatures are likely for the weekend. Winds should continue rather light for the next two or three days.

All parts of the district continued a gradual warming trend yesterday and last night. Afternoon temperatures were in the upper 60s and low 70s in eastern valleys and valleys north of the central Snake River Plains. Magic Valley reached the low and middle 70s and western valleys hit the middle 70s to low 80s.

Soil temperatures continue to rise slowly. Average readings for the past 24 hours were, at three inches, Buhl, 60, and Castleford, 56; at four inches, Kimberly, 52, and Rupert, 54.

**MAGIC VALLEY** — Variable high cloudiness and continued warm through Friday. Highs in 70s, lows 35-45, except Camas Prairie highs 66-72, lows 25-35. Outlook Saturday, chance of a brief shower and a little cooler. Temperatures at 8 a.m.: 43 at Jerome, 53 at Kimberly with 44 per cent humidity, 54 at T.F. with 50 per cent humidity, 47 at Rupert, 42 at Fairfield, 43 at Halley, 51 at Buhl, 44 at Castleford, 49 at Gooding; at noon, 67 at T.F. weather bureau with 28 per cent humidity. Barometer: 30.10.

## F. Morelock, 84, Shoshone

**SHOSHONE** — Frederick A. Morelock, 84, died at 3:30 a.m. Wednesday at the Wood River Convalescent Center, Shoshone, where he had been a patient for several months.

He was born March 27, 1882, at Pilot Knob, Tenn. He lived in Lewiston and Halley before moving to Shoshone in 1955. He was a retired farmer.

Surviving are two brothers, Wilbur Morelock, Lake City, Calif., and Elmer W. Morelock, Bonham, Tex.; two sisters, Mrs. R. L. Hinnant, Alice, Tex., and Mrs. D. M. Clark, West Fork, Ark.

Graveside services will be held at 2 p.m. Friday at the Shoshone Cemetery with Rev. Paul Winkler, Baptist minister, officiating.

Friends may call at Bergin Funeral Chapel, Shoshone, Thursday afternoon and evening and from 9 a.m. until 1:55 p.m. Friday when the funeral cortege will leave the chapel.

# Death Takes Ex-Resident Of Jerome

**JEROME** — Hans A. Jensen, 60, former resident, died Wednesday in Seattle, Wash., of a long illness.

He was born July 21, 1905, in Snowville, Utah, and came to Jerome in 1926 from Rexburg. He farmed in the area for a number of years and later moved to Seattle and lived for a time in Salmon before moving to Williams, Ariz., in 1961.

He owned and operated a logging operation in later years. He was a member of the LDS Church. He married Lola Ostler July 24, 1926, in Jerome. Their marriage later was solemnized in the Salt Lake City LDS Temple.

In addition to his widow, he is survived by two daughters, Mrs. Florence Alder, Kent, Wash., and Mrs. Lois Gold, Marysville, Wash.; three sons, Eugene Jensen, Leonard Jensen and Melvin Jensen, all Williams, Ariz.; four brothers, Ezra L. Jensen, Wendell; Melton L. Jensen, Gooding; George L. Jensen, Spokane, and Cleon L. Jensen, Pocatello; three sisters, Mrs. Lorente Jardine, Mrs. June Davis and Mrs. Thelma Wright, all Salt Lake City, and 15 grandchildren.

Funeral services will be conducted at 2 p.m. Saturday in the Jerome LDS First Ward Chapel by Bishop Grant B. Humphries. Final rites will be held in the Jerome Cemetery. Friends may call at the Hove Chapel Saturday from 9 a.m. until time of services.

etnamese security police sped to the scene.

A battalion of paratroopers waded into the rioters and sent them scurrying down side streets. Some began regrouping to continue their descent on the downtown area in the fifth continuous day of unrest in the capital's streets.

The Buddhist hierarchy earlier instructed its militant young supporters to remain quiet until the junta replied to its request for a public pledge to turn over power to a popularly elected constituent assembly within five or six months.

The Buddhist statement said the government had promised this privately.

Hopes that the month-long political crisis was easing a bit were jolted when 500 demonstrators emerged from the Buddhist compound on the outskirts of the city. As they marched toward the center of the city with their familiar anti-government banners, they attracted hundreds of supporters.

Judge Robinson fined Eddie Greymountain, 28, Castleford, \$200 for driving with a suspended driver's license.

Ronald D. Cross, 141 Blue Lakes Blvd. S., was fined \$100 and his driver's license was suspended for 90 days by Twin Falls Justice of the Peace Al Robinson for drunk driving. He was committed to the county jail in lieu of the fine.

Fined for stop sign violations by Judge Robinson and assigned three violation points were Barker, for speeding.

# Income Tax Deadline Is Week Away

With only a week remaining before the April 15 deadline, local Internal Revenue officials Thursday urged care in last-minute filing of income tax forms.

IRS Director Calvin E. Wright cautioned that haste causes faulty or incomplete returns which delay machine-processing of refunds.

He noted that everyone whose income was \$600 or more during 1965 must file a return, excepting those over 65 of age or who are blind, whose filing exemption is \$1,200.

Also, self-employed persons with a gross income of \$400 are required to file a return for social security tax purposes.

Return forms are available at IRS offices, post offices and banks.

# Area Youth Groups Plan Sunrise Rites

**WENDELL** — Annual joint Easter Sunrise service of the Wendell and Hagerman Methodist youths and Wendell Presbyterian youths will be held at 6 a.m. Sunday at the Sand Springs Ranch.

Youths planning to attend may go directly to the site, but it is advisable to all meet at the Methodist churches and leave the Hagerman and Methodist churches at 5:30 a.m.

The Wendell Methodist youth group was in charge of the site and preliminary arrangements. The United Presbyterian youth have charge of the service.

Young people of any church are invited to attend this service.

A breakfast is planned at the Hagerman Methodist Church for all the youths and their counselors after the service.

# Twin Falls News in Brief

**Edward N. Sparks**, Butte, Mont., former Twin Falls area resident, has been named "Man of the Year" by members of the Butte Association of Life Underwriters. He is one of New York Life Insurance Co. top agents.

**Linda Barton**, Twin Falls, is one of 12 Utah State University co-eds vying for the "Daughter of Paul," queen of the College of Natural Resources, during the annual Conservation Week, Sunday through April 16, at the university.

**Magic Valley Duplicate Bridge Club** met Wednesday afternoon at the Episcopal Church. Winners were Mrs. John Hahn and Mrs. Nicholas Bradic, first; Mrs. Joe Shelby and Mrs. A. J. Lindemer, second, and Mrs. J. S. Feldhusen and Mrs. J. P. Thoman, third. Next week's monthly masterpoint play is scheduled.

**College of Southern Idaho** drama students will present three one-act plays on April 22 and 23 instead of Friday and Saturday, as incorrectly reported in Wednesday's Times-News.

# Mandatory Safety Standards for Cars Predicted

WASHINGTON (AP) — Sen. Warren G. Magnuson predicted today the Senate Commerce Committee which he heads will call for mandatory safety standards for cars.

Magnuson told newsmen this seemed to be the feeling of a majority of the members of the committee, which concluded hearings Wednesday on President Johnson's highway safety legislation.

The administration bill would authorize, but not require, the secretary of commerce to set motor vehicle safety standards after two years.

Magnuson said he thought the committee would amend the bill to direct that standards be issued and also to require the adoption of interim standards pending further research and testing.

Such temporary standards, Magnuson said, could be worked out after consultation with the industry. He said they could provide for collapsible steering wheels, dual brakes and "other things the industry apparently is going to do anyway."

Sen. Vance Hartke, D-Ind., who was presiding when the hearings ended, expressed hope that the auto industry would move forward at a rapid pace even though this would mean some financial sacrifice.

As the hearings neared their conclusion Wednesday, Sen. Walter F. Mondale, D-Minn., introduced a bill that would require automobile manufacturers to notify owners and the public in general of automobile defects which could cause traffic accidents.

Mondale said the safety standards under the administration bill would not become effective for three or four years if the proposal is approved. But he said that if his measure is approved it would provide immediate protection.

John S. Bugas, vice president of the Ford Motor Co., urged Tuesday in testifying for the industry that it be given a chance to show what it could do before any federal standards are imposed. He assured the committee that the auto makers had gotten "the safety message."

As part of a voluntary industry program, Bugas appealed for legislation granting immunity from antitrust prosecution to the manufacturers for sharing information and developments in the safety field.

But the head of the Justice Department's Antitrust Division, Asst. Atty. Gen. Donald F. Turner, said in a letter to Magnuson Wednesday that the general argument advanced for this lacks merit.

He noted also that Bugas, in expressing the industry's concern about antitrust action, had testified it is now under antitrust investigation with respect to exhaust emission devices.

Turner said the charges being investigated by the antitrust division are "of cooperative efforts to suppress, not to promote, the utilization of, auto emission devices."

He added this was "a possible type of abuse which hardly strengthens the case for a grant of antitrust immunity."

## Gloomy

OFFENBACH, Germany (AP)—Sculptor Bern Rosenheim is protesting a City Council decision rejecting his sculpture design for the new Anne Frank School in favor of one considered more optimistic.

Rosenheim, a Jew, declined the \$250-second-place cash award and turned it over to charity. The council said it considered his design, showing a human form behind bars, too gloomy and deep for children.

## Smut Problem

In recent months there has been a wave of protest against the sale of literature generally classed as pornography. The movement came to Twin Falls Monday night when several dozen persons showed up at the City Commission meeting to protest smut on local news-stands. Judging from examples of material collected from the news-stands in recent weeks, the protest is overdue.

Whenever the issue of pornography arises, right along with it comes the problem of who should judge whether something is pornography or art. It's a question that has no pat answer. Even some of the material purchased locally might be considered art in some circles. However, the lack of attention to spelling, the type of paper used in printing and other clues would indicate the examples are more likely to be a commercial venture into smut for the sake of smut.

Even so, there should be no uprising and a demand for banning the material from news-stands or having a bonfire in the center of the street.

That sort of thing smacks of witch-hunting and censorship which should be foreign to American principles.

Nevertheless, parents are entitled to know their children won't have access to pictures and reading material that could have an adverse effect on young minds. Here is the approach used by the delegation attending Monday night's meeting of the City Commission. It's a logical, sensible, reasonable attitude that should be met by similar reason from the persons who have the most positive control over material on news-stands, namely, store owners and those in the news-stand business.

Apparently there is no thought among the protesters of banning the sale of anything. They are asking—and they have the right to demand—that objectionable material isn't made available to youngsters. It's quite significant that the protesting group made a point of saying there is no thought "... to agitate for legislation at the local level." In other communities, those who oppose sale of smutty material haven't been so considerate of the feelings and businesses of others.

There have been recent news stories about residents of Provo, Utah, forcing enactment of a local law banning sale of the material. In Lewiston recently, the City Commission passed an ordinance that requires spicy material designed for sale to adults to be kept in a separate enclosure that would be "off limits" to minors. The effective date of the ordinance was delayed for 90 days to permit store owners time to build the separate enclosures.

Even this approach to the smut problem leaves room for criticism. Confining objectionable material to a separate enclosure is still a form of censorship. What's objectionable to one person could be just fine from the viewpoint of another. In addition, the separate enclosure not only turns the spotlight on so-called objectionable material but also on those who are interested in it.

There can be no doubt that the best means of dealing with the problem is along the lines of education. And the home still must assume the lion's share of responsibility in guiding youngsters toward wholesome reading material.

Perhaps some parents haven't even been aware that objectionable material has been offered on news-stands. The protest to the City Commission Monday night certainly will put all parents on guard. It will give parents the chance to point out to their children that purveyors of smut are more interested in making a fast dollar than in providing educational material. The protest also should alert parents to watch for anything they may deem objectionable.

Even though parents are watching, they aren't likely to prevent their children from coming into contact with something the parents might deem objectionable. Racy pictures or literature have a way of being circulated from hand to hand. Another generation might recall a publication known as "Captain Billy's Whiz Bang." By today's standards it could be quite acceptable in some circles. Nevertheless, the height of daring in an earlier day was to peruse a copy of "Whiz Bang" which had been concealed carefully in a geography book. A copy of "Whiz Bang" was never discarded—it was literally worn out.

Today's smut and obscenity go beyond anything that ever was printed in another generation. Even the purveyors of such "literature" are aware of the nature of their product, preferring to ship it by express or truck rather than taking the risk of confiscation from the U.S. mails.

So long as there's a difference of opinion about what's acceptable, or what should be offered for sale to the public, a good guide will remain to see what survives the searching scrutiny of education and publicity. That's the process started in Twin Falls.

## NATIONAL WHIRLIGIG

By ANDREW TULLY  
WASHINGTON — Political Washington, especially that segment sequestered in the United States Senate, has a bad case of jitters over a threat by former Lt. Gov. Clifford Jones of Nevada to tell all about the celebrated Bobby Baker case. No matter how little Jones knows, the boys don't want to hear it.

Specifically, Jones has stated that he will expose how campaign contributions were obtained from West Coast savings and loans associations before the 1962 campaign—just after the Senate had amended President Kennedy's tax bill to favor certain kinds of savings and loan outfits. Jones, under indictment on charges of lying to the grand jury investigating Baker's financial activities while he was Senate Majority Secretary, wants his trial transferred from Washington to Las Vegas. He also wants his trial postponed until after the November elections, which would be fine with a lot of Establishment senators running for reelection.

**SENATE'S RESPONSIBILITY**—For the fact is that Bobby Baker, a longtime protégé of Lyndon Johnson when the latter was Senate Democratic boss, was always the Senate's creature. If he is guilty of fraud, as the grand jury has charged, his Senate masters never raised a voice in protest.

With Jones' threat out in the open, Capitol Hill these days is recalling an interesting coincidence in Baker's progress toward millionaire status. One of his closest pals in his halcyon days was Glen Troop, lobbyist for the U.S. Savings and Loan League, and Troop and four other S and L representatives were all members of the now defunct Quorum Club founded by Baker. Among other places, it was at the Quorum Club where Baker is accused of having peddled to lobbyists his influence as Majority Secretary and Lyndon Johnson's boy.

**\$100,000 FUND**—Jones' statement also rings a bell for Sen. John Williams, R-Del., who wanted the Senate Rules Committee investigating Baker to ask Baker where he got \$100,000 in campaign funds in 1962. The committee refused to do so, but subsequently the grand jury charged Baker fraudulently converted \$67,000 of the \$100,000 to his own use and took the rest "by fraud."

Baker's power in the Democratic Party's financial affairs came from his post, from 1955 to 1961, as secretary to the Democratic Senatorial Campaign Committee. Johnson ran the committee as a private establishment, and Baker handled the committee's funds. That is to say, he decided which candidates got campaign money and how much.

**SHUFFLED THE CARDS** — Capitol Hill reports indicate that Baker's word was law in this respect. One western candidate recalls that although one donor had earmarked \$12,000 of a \$25,000 contribution for his campaign, Baker refused to give him more than \$3,000. And when Sen. Frank Moss of Utah was running in 1958, Baker asserted that Baker offered him financial help only if he'd support the 27 1/2 per cent oil depletion allowance. Moss refused to go along, so he didn't get a dime from Baker's till.

This is not the sort of thing either the Senate Establishment or the White House wants spread on a court record during an election year. Whatever Jones may be unsupported by other evidence, but it is not comforting for Bobby Baker's late sponsors to read that his disclosures "will be far-reaching, dramatic, and approaching the most newsworthy matter ever adduced in a courtroom in the District of Columbia." These days, too many voters can read.

## Views of Others

**THE HOMOGENIZED SANDWICH**  
We have often felt that there is in existence an underground conspiracy dedicated to expanding the use of peanuts. For some years we felt that it would go away if we did not mention it, but not so. Hardly a day goes by but what we find some mention of peanuts in the paper. Lately this has had to do with the effort of the Food and Drug Administration to establish a "Standard of Identity" for peanut butter.

This means the federal government wants to be able to say just what must be in the brown goo termed "peanut butter." Arguing that safe additives should be permitted, a Harvard professor has posed the possibility that peanut butter might be flavored with raspberry. That would allow the making of a peanut butter and jelly sandwich by using only one substance.

A new vista seems to be opening up—the sandwich with the homogenized filling. We see a club sandwich on the horizon, made with smooth mixture of chicken, tomatoes, lettuce and mayonnaise, all whipped into a creamy stuff and packed in a jar. This of itself is not frightening except as a warning of the approaching homogenization of just about everything. Who wants that kind of consensus? — St. Louis Post-Dispatch

### TRANSPORT COMPETITION

Hopes for a more efficient transportation system will hardly be raised by the incisive comments on rate regulation that appear in the annual report of the Council of Economic Advisers. Transportation rates, it avers, still depend in too large part on "value of service," which justifies higher rates for automobiles than for coal, rather than on costs. And more disquieting, 90 per cent of the rate adjustment protests heard before the Interstate Commerce Commission in 1964 involved rate reductions and three fourths came from competing carriers, not customers.

Clearly there is something wrong when an agency of the government is used to withhold the fruits of progress from the public and maintain the tonnage shares of the railroads, trucks and water carriers. — Washington Post

**WHAT'S THE NAME?**  
In the interest of legitimacy, the Internal Revenue Service often makes the request that taxpayers print or use a typewriter. That's because many people have signatures that defy handwriting experts. At which the income tax forms have to be signed at the bottom to attest to their validity, it's easier on the IRS if the names are printed or typed at the top.

This year the IRS prepared and sent to taxpayers the customary brochure of instructions and tax forms. On the cover is a special message from the Commissioner of Internal Revenue. The signature is reproduced.

(In case you can't make it out it is, well, we had to look it up to be sure. It is Sheldon S. Cohen.—Cleveland Plain Dealer)

### TO ERR IS HUMAN

When a plumber makes a mistake he charges twice for it. When a lawyer makes a mistake he has a chance to try his case again. When a doctor makes a mistake he buries it. When a judge makes a mistake it becomes the law of the land. When a preacher makes a mistake nobody knows the difference. But when a printer makes a mistake that's unforgivable. — Regina (Sask.) Blister can be minimized by wearing gloves but, if they occur, you must take steps to prevent infection. This will not happen so long as the blister is not broken. Since the blister was caused in the first place by friction, continued friction will not only aggravate the pain but will also increase the chance of its rupturing.

If the blister is small, cover it with an adhesive bandage. Don't open it with a needle because, even if you sterilize the needle, there is danger that it will carry germs from the skin surface into the blister. If the blister is large and likely to break or is already broken the best plan is to wash the skin with soap and water, scrub it with rubbing alcohol or other antiseptic and cut away the covering skin completely. Then treat it as an open wound with a protective dressing.

## Interpreting The News

By JAMES MARLOW

WASHINGTON (AP) — Henry Wallace dabbled in astrology, threw boomerangs, liked to wrestle, learned Spanish and Russian in middle age, and he was a dreamer.

But he was no dreamer who lived long enough to see his dream come true. The only trouble was that his dream wasn't nearly big enough, although it seemed too big at the time.

Back in 1944, while Wallace was still vice president, he talked about the years ahead after the war, the need for full employment, and the need for Congress to pass legislation making 60 million jobs possible. The peak for nonfarm jobs that year was 38.4 million.

That was his dream: 60 million jobs some time in the post-war years. But not everyone took him seriously. The reaction of some was: "Oh, that's Henry Wallace talking."

He had hard days ahead. He ceased to be vice president because the Democrats wouldn't renominate him in 1944. They picked Harry S. Truman — and then he became Secretary of Commerce only to be fired from that in 1946 in a dispute with President Truman.

Wallace led a third party movement in the 1948 election, lost, broke with the new party over the Korean war, retired to farming, and gradually the cloak of obscurity enveloped him.

But his dream remained alive. And in 1946 Congress, although pussyfooting around the idea of pledging itself to full employment, passed an employment act which simply said the government had a responsibility for promoting useful employment.

(The act was probably more memorable for something else it

contained: for the first time in history Congress went on record as saying the federal government had a responsibility for the general welfare.)

But there never had been any sensible reason for brushing off Wallace's goal of 60 million jobs.

The truth of what he envisioned was simple and obvious enough: the 60-million figure, and many more millions than that, was inevitable as the population of the country multiplied by the millions.

And year by year the number of people and jobs increased. By the time Wallace died last November the government was

reporting that more than 60 million people were employed in nonfarm jobs. With farm jobs added, the total employment figure was even higher.

Tuesday the government announced that the number of people on nonfarm payrolls in March was 61.7 million, a record high for this season.

But when others were added — the self-employed, farmers, and housewives — the total number of civilians at work in March was 72 million. The number of unemployed was only 3.8 per cent of the labor force.

ASHLAND, Va. (AP) — Friday, at the busiest hour of the busiest day of the week, all the wheels stop turning in this little college town in the Hanover County countryside 12 miles north of Richmond.

At the stroke of noon, every store, bank, office, will close its doors. Housewives will desert their kitchens. Students and faculty at Randolph-Macon College will suspend classes.

And, because it's Good Friday — the sacred commemoration of Christ's crucifixion — everyone will go to church.

The worship at Duncan Memorial Methodist church, which also is the Randolph-Macon chapel, lasts until 1 p.m. Then the normal hustle and bustle of Friday business will resume.

It's been that way in this town of 3,000 since 1964, when the Ashland Ministerial Association won unanimous consent from the business community for its experiment.

Thus, in the minds of two young ministers—John R. Simmons of the Christian Church and McAlister C. Marshall of the Episcopal Church — there grew the idea of a one-hour service, with prominent preachers from outside the community, which everyone might attend.

Its success hinged on the ability of people to get to the church for 60 minutes.

The Chamber of Commerce balked at closing businesses at first.

So did Ashland's only Jewish business owner.

Randolph-Macon agreed to suspend its classes from noon to 1 p.m. on each Good Friday. One by one, the local businesses

are admittedly unpleasant but are decidedly worth-while.

Q — I have osteoporosis. A friend says if I break a bone it will not knit. Will regular exercise such as walking help? Is there any medicine for this condition?

A — In osteoporosis your bones lose calcium faster than it is replaced. This makes them easier to break and once broken they are slow to heal but with proper treatment healing does take place. Exercise definitely helps to maintain the strength of your bones. Women who are in the menopausal period or past it are benefited by taking female hormones. Fluorides and calcium salts are also helpful. For the last time, He takes a

## MARQUIS CHILDS WRITES ON WASHINGTON

SAN JOSE, Calif. — In the scrambled politics of this fantastically growing state, Ronald Reagan, the actor turned politician, gives a smooth, professional performance.

He is a straight out of central casting, a crusader seeking to put idealism into government—the kind of role played in another time by Jimmy Stewart in "Mr. Smith Goes to Washington."

"I am not a politician," he tells every audience as he barnstorms through the San Francisco Bay area and this news seems to please his listeners.

He is not opposed to the goals of the Great Society, he tells them, but those goals must be achieved by "compassion and not by compulsion." The people in their own communities must

with their own good common sense make decisions for themselves and not leave it to Washington or Sacramento, Reagan says. Centralized government, that is the great evil of our time.

What he says with the skill of the professional—the pause for the laugh at the wisecrack gently dropped in, the timing for the applause—seems to have almost no relevance to what is happening in this crowded, complex society on the Pacific slope. The acid smog, polluted waters, highway deaths on the freeways, the omnipresent threat of violence in the Negro ghettos of which Watts is only one—these have no place in Reagan's view of the political scene. His is the standard conservative line, cut taxes, cut back government spending, return to the virtues of the past, but blandly homogenized with the help of the public relations firm of Spencer, Roberts Associates, Inc.

Reagan seems likely to win

Only the Duncan Memorial church now is big enough to accommodate the crowd that turns out for the Good Friday service. This year, the speaker will be the Rev. Zeh Hollar, a Presbyterian minister working toward his doctorate at Richmond's Union Theological Seminary.

And all around town, the wheels of commerce will stop spinning while he talks.

### EAST'S DISCARDS AIDS STRATEGY

artificial forcing two club bid. If West opens any suit but spades South will simply concede a trick to the ace of hearts and make his contract without any trouble but West opens the nine of spades and South sees that he will never be able to bring home dummy's six card heart suit.

He wins the first trick in dummy and takes a club finesse. Then he knocks out East's ace of hearts. East plays a second spade and South is in dummy for the last time. He takes a

second club finesse but still must lose a trick to West's jack of diamonds provided West knows enough to guard that card instead of his ten of clubs.

In most games there would be an excellent chance for West to go wrong. South would cash his queen and jack of hearts and West would have to make two discards. He could throw a spade and a diamond with no worries but then South would cash his third spade and West would be in trouble. He would probably guess right and throw a club but the count signal would give him a sure thing play.

East should play the four of clubs on the first lead of the suit and the deuce of clubs next. This play would show an even number of clubs. West would know that East had started with either two or four. If two South would have started with five clubs to the top four honors and West's clubs would have no value. If he had started with four then South could not hold a low club and again West's clubs would have no value hence West could discard a club and lose nothing by so doing.

# Crisis Changes Officials' Feel of Battle Tide

SAIGON, South Viet Nam (AP) — Viet Nam's latest government crisis erupted just as senior American military officials felt the tide of battle had begun to turn in their favor. "If things continue to go as they have in the field, we're in," one U.S. officer said, summing up the feeling of the American command. "The Allied troops have taken the initiative from the Viet Cong and North Vietnamese troops. Massive American firepower, constant bombing and relentless pressure on Communist strongholds have produced impressive results. Some senior sources concede the picture isn't quite as bright

as the daily announcements make it appear. Two of the most quoted statistics are enemy bodies counted and the number of Viet Cong defectors. One senior official said he automatically cuts body count figures in half. Another says the current rate of more than 2,000 defectors a month includes a large number of refugees and a high percentage of persons in the fringe of the Communist movement. The number of hardcore fighting troops crossing over to the government side is considered small. During past political upheavals, U.S. sources figured that the war was set back six months or more following the collapse of a regime. If Ky should fall, the situation will not be quite so serious this time unless anti-American sentiment is being fanned by the Buddhists gets out of hand. During all past crises, the Vietnamese generals and province chiefs virtually ignored the war as they jockeyed for political position. Lesser officials sat on their hands awaiting the "out come." Now American troops are bearing the brunt of the war, and U.S. operations presumably would continue at their present or possibly at a higher pace. The crisis has hurt the Vietnamese military effort already.

If it worsens, the Vietnamese effort will slide proportionately. But if the political situation is the blackest cloud over Viet Nam at the moment, things are brightest on the battlefield. Not since the bloody battle of the Ia Drang Valley last November have Viet Cong or North Vietnamese regiments taken on U.S. forces for a toe to toe battle of any duration. U.S. intelligence has vastly improved, and the Communists' ability to mass large numbers of troops safely for an attack has skidded proportionately. The infusion of 225,000 American and Allied troops in the country lifted the morale of government troops. They are fighting with a new determination. But many of the old problems — poor officers, lack of coordination, slipshod tactics — remain in many units. Gen. William C. Westmoreland, the American commander in Viet Nam, has been promised as many American troops as he needs and thousands are in the pipeline. With them the military pressure can be steadily built up. At present there are not enough troops for the number of large, sustained operations that it will take to drive the Viet Cong into the ground. In all likelihood a major battlefield showdown of some sort is in the offing. The Communists

**RULED ACCIDENTAL**  
COUNCIL (AP) — Accidental injuries were blamed Thursday for the death of Ben C. Briscoe, 31, of Cambridge.  
He was found dead earlier this week near a rock crusher at the Hells Canyon Dam construction project on Snake River. Washington County officials said the only marks on his body were burns on the arms, apparently caused when he was caught in the belt of a machine. Officials said an autopsy confirmed that injuries received when he was caught in the machinery caused Briscoe's death.

**SCHEDULE TOUR**  
BOISE (AP) — Boy Scout officials reported Thursday about 300 Scouts are signed up for a tour to Craters of the Moon National Monument.  
They will take with them the replica of a moon landing craft which they made and which has been on display in the state capital in Boise. The replica will be installed at the Craters monument.  
The boys will travel by school bus, leaving Boise Friday morning and returning Saturday afternoon.

**PLANE ARRIVES**  
MOUNTAIN HOME (AP) — A sleek two-engine RF4C was flown to Mountain Home Air Force Base Wednesday as the first of a new type of aircraft assigned to the 67th Tactical Reconnaissance Wing.  
The plane is the fastest in the air force's operational inventory, a base spokesman said.  
Col. R. G. Williams, wing commander, and Lt. Col. Kenneth Harbist flew the plane, built by McDonnell Aircraft Co., from St. Louis in two hours and 45 minutes.  
The spokesman said formal ceremonies dedicating the plane to Idaho will be held May 21.

**ASSISTANCE ASKED**  
BOISE (AP) — Idaho employers were asked Wednesday to assist the State Department of Employment in developing summer jobs for high school youth and college students.  
Gov. Robert E. Smylie made the request and said the need for such jobs becomes most apparent during spring vacations when youths start their search for summer employment.  
Department offices and the Boise Youth Opportunity Center will provide specific assistance to youths in counseling, placement and job development, he said.

**REVIEW SLATED**  
SANDPOINT, Idaho (AP) — An audit correction program, including operation of the state penitentiary, will be reviewed as the feature of the annual meeting of the Idaho Conference on Social Welfare.  
The announcement was made Wednesday by Probate Judge Frances Sleep of Sandpoint, the chairman of the organization. The meeting is scheduled Nov. 17-18 in Boise.

**ESCAPES INJURY**  
NEZPERCE, Idaho (AP) — A Moscow, Idaho, pilot escaped uninjured Wednesday morning when his single-engine plane being used for aerial crop fertilizing crashed and burned at the east city limits of Nezperce.  
Pete McGowan, 41, who was flying for Greenacres Flying Service from Orofino, was able to get clear of the 1966 model Piper Pawnee airplane after it skidded across the Lewis and Clark Highway and into a borrow pit. The plane caught fire and was destroyed except for one wing and part of the landing gear.  
The crash occurred about 6:30 a.m. as McGowan was taking off from the air field at Nezperce. Officials said the plane apparently failed to gain enough altitude, glided back to earth, went under a power line, across the highway and into the borrow pit.

ROME (AP) — In a plain white apron, Pope Paul VI stooped humbly this Holy Thursday to wash and kiss the feet of 12 children — some blind, some crippled and two the sons of convicts.  
His action in the climactic ritual of a Mass emulated Christ's washing of the feet of his apostles at the Last Supper on the eve of the Crucifixion.  
The papal ceremony took place in the pontiff's cathedral, the Basilica of St. John Lateran, before a crowd of thousands.

**STUDIES PRESSED**  
IDAHO FALLS (AP) — Studies to enlarge reservoir capacities in southern Idaho are being pressed by Sen. Len Jordan, R-Idaho.  
The Idaho Republican suggested Wednesday alternate storage sites on the Snake River's South Fork in Wyoming or eastern Idaho.  
He also urged raising of Pallsades Dam if practical.  
Studies, Jordan added, are also being considered for replacement of Jackson Lake which, when lowered during irrigation season, hampers recreational activities.

**WEEK DESIGNATED**  
BOISE (AP) — April 6-13 has been designated World War I Veterans Week in a proclamation by Gov. Robert E. Smylie.

**SUPPLY NOTED**  
BOISE (AP) — Idaho's water supply outlook calls for below normal flows for most of the rivers in the state, the Soil Conservation Service said Wednesday.  
A report issued by Lee T. Morgan, state conservationist of the SCS, and Carl Tappan, Idaho state reclamation, said the maximum snowpack for the year was apparently reached just before April 1.  
"Snow cover varies from 35 per cent of normal on the Malad River to 93 per cent on the Kootenai River in northern Idaho," their report said.

**PROGRAM URGED**  
NAMPA, Idaho (AP) — A state program of motor vehicle inspection has been urged by Gov. Robert E. Smylie.  
Speaking to Nampa Jaycees Wednesday night, Smylie lauded the Idaho State Jaycees for its voluntary inspection program.  
But he said their efforts "must be supplemented by the legislation necessary for a program at the state level."

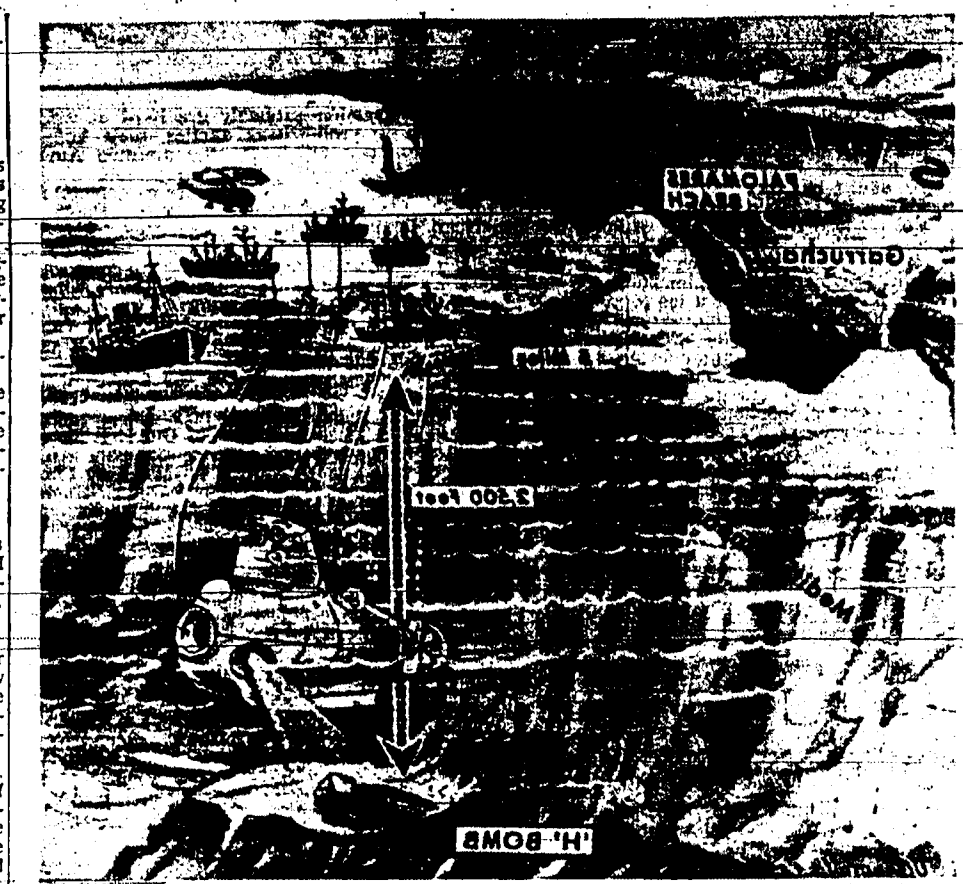

**GROUP DISCUSSED**  
BOISE (AP) — Selection of a research organization to develop an Idaho plan for providing technical assistance to industry was discussed Wednesday by the Advisory Council to the Department of Commerce and Development.  
Louise Shaddock, department secretary, said development of a plan is a requirement for obtaining federal aid under the 1965 technical services act.  
The program, she said, is intended to aid business in much the same way that the farming industry is assisted by the agricultural extension service.

**ANDRUS SPEAKS**  
WEISER, Idaho (AP) — Sen. Cecil Andrus, D - Clearwater, told Democratic leaders here Wednesday he does not quarrel with Gov. Robert E. Smylie "to have the Bureau of Public Accounts."  
"But," the Democratic candidate for governor added, "I do feel the people should have their auditor, too, as provided in the Constitution."  
Andrus said Smylie "has refused to allow State Auditor Joe Williams to audit the liquor fund and Williams is directed by the statutes to do this."

**Rites Honor R. L. Wilson**  
OAKLEY — Funeral services for Robert LeRoy Wilson were held Tuesday at the Cassia Stake House with Bishop Donald J. Clark officiating.  
The family prayer was given by Clifford Burch. The life sketch and remarks were given by Ralph Gorringer and the speaker was Wilford Sagers.  
Singing in a double mixed quartet were Mrs. Hilton Mathews, Mrs. Winslow Whiteley, Mrs. Verne Peterson, Mrs. Ariel Hardy, John Martin, Lloyd Martin, George Butler and John Adams. Mrs. Karl Martin and Mrs. Mathews played a violin duet and Blaine Martindale sang a solo.  
Invocation and benediction were given by Llewellyn Port and Lewis Critchfield. Prelude and postlude music was played by Mrs. Lave Poulton, Mrs. Martin, Mrs. Mathews and Mrs. Whiteley.  
Pallbearers were Daniel Port, Robert Carrier, Darwood Carson, Arthur Burch, James C. Burch and Clifford Burch. Floral arrangements were under the direction of Mrs. Ina Judd, Mrs. Robert Carrier, Cindy Port and Pamela Port.  
The dedicatory prayer was given by James C. Burch. Last rites were held at the Oakley Cemetery.

U.S. NAVAL TASK FORCE Thursday recovered an American H-bomb from 2,500 feet of water about five miles off the southeast coast of Spain in the Mediterranean Sea. The bomb was located on March 15 by the midjet submarine Alvin. The bomb was reported intact and undamaged. (AP wirephoto drawing)

## Defense From Future Aerial Attack Is Pondered by French Citizens

PARIS (AP) — Many Frenchmen, reflecting on their president's decision to withdraw from the allied military structure, are wondering how their country might be defended from future aerial attack.  
Jean Lecanuet, candidate against President Charles de Gaulle in last December's presidential contest, has raised the question in criticizing De Gaulle's plan to withdraw French troops from North Atlantic Treaty Organization command and to evict NATO forces from France.  
Lecanuet claimed this will leave the French air force and the nation's antiaircraft defenses blind to any attack until the enemy's planes or missiles are over French territory. He said this would be true of De Gaulle's "force de frappe," the fledgling French nuclear deterrent.  
As presently constituted, the force is a number of supersonic planes which can carry nuclear bombs. The range of these planes is extended through refueling from American built tanker planes. France is at work on missiles which could carry nuclear tips, and the nation also plans eventually to have nuclear powered submarines which could carry Polaris-type missiles.  
NATO sources support Lecanuet's view.  
"The French air defense will be as blind as a bat," said one official when asked what will happen when French troops are withdrawn from the integrated allied air defense system. The official was assuming that in such a case the radar shield no longer would be available to French air defenses.  
The air defense screen, stretching from North Cape in Norway to eastern Turkey, is the only fully integrated operational element under Gen. Lyman Lemnitzer, supreme allied commander. Land and naval, and other air forces, are integrated in the sense that they are pledged to allied command in the event of war.  
The air defense screen includes an early warning radar screen, a fleet of several hundred fighters and fighter-bombers, and thousands of anti-aircraft missiles.  
As far back as six years ago, all 15 members of NATO, including France, agreed on a computerized processing system known as NADGE—NATO Air Defense Ground Environment—

## Drama Group Slates Play At Wendell

WENDELL — The nationally known Bishop's Company of Burbank, Calif., will present their adaptation of Henrik Ibsen's "An Enemy of the People" at 8 p.m. April 19 in the Wendell Methodist Church.  
The Bishop's Company, founded in 1952, is in its 12th year of bringing fine drama into the houses of worship in all 50 states and seven provinces of Canada. Several years ago one of the company's touring groups appeared in Gooding and more recently Shaw's "Saint Joan" was presented in Jerome.  
Ibsen's masterpiece takes place in a small Norwegian village which looks forward to new health and wealth because of natural hot springs it has developed.  
Conflict arises when the town's medical officer discovers that the springs are contaminated. His brother, the mayor, insists that the medical officer be quiet about the discovery and the two take sides in a climatic debate.  
Ibsen's thought provoking drama of the conflict of right and wrong versus the current financial interests of a Norwegian town is suggested as adult entertainment.  
The Bishop's Company appearance is sponsored by the Wendell and Hagerman Methodist churches. Two hundred seats will be available on a reserved basis for this performance.  
Tickets are on sale at Wendell Shoe Repair; Jordan's Music; Gooding; Sullivan's Music; Jerome, and West's Grocery, Hagerman.

## Burley Plans Police Ball On Saturday

BURLEY—Tickets for the annual Burley Police Ball are being sold throughout the city of Burley. The annual event will be held Saturday with dancing from 9 p.m. to 1 a.m. at the Burley Elks Hall.

Music will be furnished by Teasley Orchestra, Twin Falls. Several prizes have been donated by Burley merchants.  
Tickets may be purchased from the Burley police officers and will be on sale at the door.  
For the third year proceeds from the dance will be donated toward the purchasing of an emergency rescue unit. The unit will cost approximately \$19,000, will be fully equipped and will be manned and on call 24 hours a day.

When sufficient money has been raised for the purchase of the rescue unit it will be available to be sent anywhere it is needed in an effort to save a life, police say.

## 3 Sisters End Long Stay At Hospital

CANTON, Mass. (AP)—Three sisters from Pittsfield completed today a three-month hospital stay to fit them with braces to correct spine curvatures. Another sister who underwent a spinal operation remains behind.

Officials at Massachusetts Hospital for Crippled Children say they hope the braces made for Kathleen Navroski, 11, Joan, 10, and Deborah, 8, will correct the curvatures by the time they are 17 or 18 and their bones become more mature.

In January, Diane Marie, 13, underwent a fusion operation to alter a curvature. She must remain in a cast from her neck to her hips until September.  
The girls are daughters of Sgt. and Mrs. Jacob L. Navroski Jr. Sgt. Navroski is a drill instructor at Ft. Dix, N.J. The girls have three younger brothers.

Without the NATO warning system, and without future access to NADGE, France would have only two relatively minor radar stations in eastern France to give warning of attack. These radar can "see over" into West Germany, but no farther. Their equipment is owned by NATO.

## Butler Talks At Wendell GOP Confab

WENDELL — Harold Butler, Bliss, Chamber of Commerce president, was guest-speaker for the Monday afternoon meeting of Hub City Republican Women, held at the Civic Club rooms.

The speaker, introduced by Mrs. G. M. Gehrke, acting president, gave a resume of the recent special legislative sessions, and conducted a question period.

Mrs. R. O. Petersen reported on a special meeting held during August, 1965, concerning the status of women in local, national and international affairs.

A report was made that Mrs. C. H. Brevick, president of the club, is now convalescing at Treasure Valley Manor, Ave. H and Reserve St., Boise.

Action was taken for the present officers of the club to continue in their official capacity until 1967. A meeting of precinct committeemen and women will be called for special precinct plans.

Mrs. Frank Campbell was nominated as committeewoman for Wendell precinct.

## Not Married

NEW YORK (AP) — Actress Maureen O'Sullivan says she is not married to a French rabbinical student who is 32 years younger than she is.

A newspaper columnist in New York reported Wednesday, May 5, had married Henri Sobell, 23. Said Sobell: "It's ridiculous and phony. I've known her for a very short time and have seen her only a few times."

Miss O'Sullivan is the oldest of seven children. The oldest is 22.

## Scoutmaster Is Speaker at Meet

CAREY — John Adamson, Scoutmaster, gave a talk on Scouting when Cub Scout pack 55 met Monday night at the LDS Church.

Skits were performed by dens four, one and two. Singing was directed by Mrs. Robert Adamson, den four mother, with Mrs. Vernon Woodbury as pianist.

Invocation was given by Robert Adamson, Explorer leader, and Lowell Mecham gave the benediction. Norvin Worthington, Cubmaster, conducted.

## Shortage of Men's Clothing Is Apparent

NEW YORK (AP) — In Missoula, Mont., a store hasn't had men's boxer shorts, size 34, for three weeks.

"We can't get them," said J. E. Meyer of Missoula Mercantile Store. "I couldn't believe it until I talked to the mill."

Meyer blames stepped-up military buying for the war in Vietnam for his short supply of shorts.

Shortages of men's clothing and textiles — particularly sheets — are showing up in some stores across the country. Other stores, however, report no supply problems.

Some stores reporting shortages blame the demands of a soaring economy, some the New York City transit strike in January that cut production in the garment industry.

The National Retail Merchants Association issued a bulletin to its members last week, calling on stores to avoid excessive inventory buildups.

Ely R. Callaway, executive vice president of Burlington Industries, Inc., said with the industry operating near capacity, further acceleration of military requirements would produce temporary dislocations in some civilian areas.

Joseph H. Cohen and Sons, Inc., which makes men's suits and sport coats, said it has turned one of its eight shops in Philadelphia over to military production.

Col. Robert M. Ferrell, chief of the Defense Personnel Support Center's textile and clothing division, predicts that government apparel and textile demands may triple this year.

He estimates military expenditures for apparel and textiles will soar to between \$850 million and \$1 billion in the fiscal year ending June 30, the most since the Korean War.

In the previous year, Uncle Sam spent \$320 million on textiles and clothing.

A nationwide Associated Press spot check of department and discount stores disclosed reports of shortages of sheets in Juneau, Alaska; men's work clothes in Atlanta, Ga.; shirts in Baltimore, Md.; men's blue jeans in Daisy, Tenn.; and brushed denim pants in Helena, Mont.

Sheer wool suits were reported in short supply in Dallas, Tex.; textiles in St. Louis, Mo.; pillow cases in Cleveland, Ohio; men's cotton slacks in Honolulu, Hawaii; men's suits in New Or-

leans, La.; men's twills in suburban Phoenix, Ariz.; socks and underwear in Wichita, Kan.; and men's clothing in Portland, Ore. No supply problems were re-

ported from stores checked in Chicago, Des Moines, Iowa; Detroit; Columbus, Ohio; Harrisburg, Pa.; Indianapolis, Ind.; Memphis, Tenn.; Miami, Fla.; Milwaukee, Wis.; New Haven, Conn.; Newark, N.J.; Oklahoma City, Okla.; Philadelphia; Portland, Maine and Washington, D.C.

## Carey Will Host Dietrich PTA Conclave

CAREY—Preparations are being made for the Fourth district PTA Spring Convention to be held April 23 in the new grade and high school building.

Mrs. Harlow Cheney, Rupert, district president, is planning the program. Guest speaker will be Mrs. Rulon Lewis, Rexburg, state PTA president. Mrs. John Hayes, Twin Falls, past National PTA president, will be parliamentarian for the day.

General chairman for local preparations is Mrs. Donald Green, Carey, Blaine county vice president to the district board. Committees are Mrs. John Briggs, registration; Mrs. Louise Arrien, and Mrs. Neil Leazenby, hospitality; junior band, lunch; Mrs. Earl Baird and Mrs. James Peterson, coffee, bread, and Mrs. Ronda Hunt, table decorations.

Harry Haynes, director of research service for the Idaho Education Association is to bring a display on the state sales tax. Each PTA unit may send one voting delegate for every 10 members. All PTA members are invited to attend. Registration will begin at 9 a.m. and the assembly starts at 8:15 a.m.

The PTA Fourth District includes Twin Falls, Cassia, Jerome, Gooding, Minidoka, Lincoln, Camas and Blaine Counties.

## Qualification Of Composer Is Doubtful

PRINCETON, N.J. (AP)—Seventy college music teachers have written President Johnson that Meredith Willson, the "Music Man" composer, is not qualified to be on the National Council of Humanities. They also urged Willson to resign.

They said they were shocked and disappointed over the selection of Willson as the only musician on the council, established under the Arts and Humanities Act last year. President Johnson appointed its 28 members in January.

The professors, in a letter to the President dated March 30 and released Wednesday by Prof. Arthur Mendel of Princeton University, said Willson's accomplishments were limited to commercial entertainment. He is best known for composing "Music Man," a long-running Broadway musical which was made into a motion picture.

"These things are enterprises designed to make money, do not need government support, and are unrelated to the purposes of the act," the letter said. The purpose of the act was to give evidence of the "nation's high quality as a leader in the realm of ideas and of the spirit," Congress declared when it was adopted.

## Teacher Is Honored by Jerome Club

JEROME — Warren B. Van Camp, biology teacher at the Jerome High School, has been named outstanding young educator of the year by the Jerome Jaycees, club officials announced Wednesday.

Van Camp, who has taught in the Jerome school system for the past six years, received his B.S. degree from the College of Idaho and has a master's degree from Kansas State Teachers College, obtained under a National Science Foundation grant.

He is active in the Jerome Education Association, serving on the professional rights and responsibilities committee and was a delegate to the State IEA convention. He belongs to the American Association of Biology Teachers, Idaho Academy of Science and American Association for the Advancement of Science.

The teacher served as superintendent of the United Presbyterian Church Sunday school and as a radiation monitor in the county Civil Defense program.

## U.S., U.N. Prestige Not Harmed By Failure in Peace Settlement

UNITED NATIONS, N.Y. (AP)—As U.S. Ambassador Arthur J. Goldberg sees it, neither U.S. nor U.N. prestige has been diminished by United Nations failure thus far to play an active role in promoting a peaceful settlement in Viet Nam.

Largely due to opposition by the Soviet Union and France, the U.N. Security Council has not even debated formally a U.S. request that the council call for a peace conference based on the 1954 Geneva agreements.

With some fanfare, the United States brought the issue before the council early in February. That came after a vigorous diplomatic campaign aimed at convincing governments of the U.S. desire for peace, and at the end of a 37-day lull in bombing of North Viet Nam.

Diplomatic efforts to achieve peace seem at a virtual standstill now. Secretary-General U. Thant, active behind the scenes a long time, apparently has had no luck in his efforts.

Pope Paul VI, also a peace seeker, believes there is nothing that can be done at the present. He made his views known in Masayuki Yokoyama, Japan's roving peace ambassador.

What the United States would like to see eventually in Viet Nam is a settlement policed by the international community — preferably the United Nations. Against that background Goldberg said in answering questions from a reporter this week:

France said it was interested in a peaceful solution in Viet Nam but contended that a council debate would not bring a solution closer. The Soviet Union declared the matter should not be settled by the United Nations but under the 1954 Geneva accords.

Goldberg said the United States had two main reasons for bringing the issue to the council: To stimulate U.N. members in trying to promote a negotiated settlement, and to make plain to the world that the United States wanted to move the issue from the battlefield to the conference table.

He does not see the United States as far as the United States is concerned, it has gained in terms of world opinion by demonstrating its willingness to submit the whole matter to U. N. jurisdiction.

"As for the United Nations, I believe the world is getting more sophisticated than we generally recognize. It is realized that the United Nations cannot act when two great powers who are members are unwilling to act. The fault is not that of the United Nations, but of the members."

**PROCLAIMS DAY**  
WASHINGTON (AP) — President Johnson today proclaimed next Thursday — April 14 — as Pan American Day and said progress under the Alliance for Progress must be quickened.

who have taken a stand against U. N. action."

"If anyone is in isolation it's Communist China, which says that the issue can only be settled by war even if it lasts 25 years," he said.

Among the concrete results of the council debate he listed the efforts of Canada to keep lines open to Hanoi through the control commission, made up of Canada, Poland and India. It was created under the 1954 Geneva agreements.

Goldberg also noted activity among nonaligned countries seeking a peaceful settlement but said there has been no response from Hanoi as far as he knows.

## Omitted

MOSCOW (AP)—The belated premiere of Sergei Prokofiev's cantata honoring the October Revolution omitted two movements praising Stalin, musical sources reported today.

Some observers viewed the omissions as an official gesture to a group of 25 Communist party intellectuals who last month wrote party Secretary Leonid I. Brezhnev that "any step toward rehabilitation of Stalin's memory would lead to a new split in the ranks of Communists" and would be interpreted as weakness in the face of Chinese praise for Stalin.

## Easter Baskets Set for Sunday

**CAREY**—Mrs. Barney Lilya was appointed in charge of preparing Easter baskets for the youngsters at Sunday school Easter morning when the Presbyterian Women's Organization met at the Lilya residence.

Mrs. Leona Coates, president, asked members to think of a new name for the organization and a vote will be taken at the next meeting. A standing vote of thanks was given members of the sessions board of the church for their past services.

Mrs. Larry Sparks recited two poems. Mrs. Alf Billingsley will be contact chairman for April, it was announced.

Members discussed the rummage and cooked food sales set for 10 a.m. April 22 and 23 at the Larkin Community Church. Committees are Mrs. Leslie Green, rummage; Mrs. Barney Lilya, food; and Mrs. Philip Stylh and Mrs. Gilbert Cross, advertising. Anyone having articles to donate for the sale can contact Mrs. Green or Mrs. Ross Dedman.

The Presbyterian Women's Organization will meet at 2 p.m. April 15 at the home of Mrs. Larry Peterson. Mrs. Stylh is program chairman.

### MOM'S HOT ROLLS

Mix together—  
1 cup lukewarm water  
1 heaping tablespoon shortening  
1/4 cup sugar  
Mix together—  
1 egg  
1 teaspoon salt  
Beat together and add to first mixture.

Dissolve one cake yeast and one teaspoon sugar in one cup lukewarm water and pour into first mixture. Work into above mixture, four cups sifted, measured flour. Let dough rise until it is double in bulk, about one

and one-half hours.  
Form into rolls and let rise to proper size. Bake in a moderate oven, 300 to 350 degrees.

(The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page editor. The recipe becomes the property of the Times-News and cannot be returned.)

## Fashion Show Is Presented

**SPRINGDALE**—"Springtime in Springdale" was the theme used in decorations for the fashion show for the mothers and daughters party at the LDS Cultural Hall.

### Parents Plead For Kidnaped Son's Return

MIAMI, Fla. (AP)—The parents of a teen-ager kidnaped from his home 10 days ago say police and the FBI have agreed to step out of the picture if the kidnaper will return their son safely.

"We would indeed be foolish not to work with the real kidnaper in our own interest," said Aaron Goldman, a wealthy 47-year-old contractor.

Goldman's 15-year-old son was forced to leave his home before dawn on March 28th by a husky, middle-aged man who demanded \$25,000 ransom. Since then, Goldman says he has heard nothing from the man, although importers have tried to get the money. Two of them have been arrested.

### Dead Marine Was Using Friend's Name

BROCKTON, Mass. (AP)—A stranger than fiction story emerged today about a man who was killed in Viet Nam while serving in the Marine Corps under the name of an acquaintance.

The dead Marine has been identified as William F. Joyce, 25, of Stoughton, Mass., who was killed in action at Quan Lai while serving with the 1st Battalion of the 7th Marines.

But Joyce apparently was known to his comrades in Company C, not as Joyce, but as "Richard J. Preskenis," the name under which he enlisted three years ago.

There is a Richard J. Preskenis, who went to high school in Stoughton, but who now lives in an adjoining town, Canton. Preskenis, 22, knew Joyce several years ago, but the men were not close.

Preskenis' name turned up on a casualty list issued Wednesday by the Defense Department. The list gave an address in Livermore Falls, Maine.

When the official notifications went out a few days ago, nobody in Livermore Falls knew any Preskenis. So the notice was forwarded to Brockton, where the dead Marine had listed as his secondary next of kin a sister, Mrs. Paul Collins.

The Marine Corps in Washington says it was she who told them that the true name of the dead Marine was Joyce.

Joyce apparently used the name of Preskenis to enlist in the Marine Corps in April, 1963, because he had had some trouble with the police, which might have made him unacceptable.

Preskenis was not available for comment, but his wife said, "for a long time we had been wondering why Richard wasn't drafted. His twin brother, Robert, had gone into the Air Force in 1961 and got out just last August."

Mrs. Preskenis explained that her husband had gone to his draft board and asked why he hadn't been called and that "the lady there told him he had enlisted April 1963 and so, of course, wasn't drafted."

Preskenis convinced the board that he was "the real Richard J. Preskenis" and he now has been reclassified.

Preskenis and his wife joined of the use of his name when Jo's sister, Mrs. Collins, told "Preskenis" father about the deception.

How did Joyce know so much about Preskenis?

"Richard's other brother, John, went to school with Billy. They were pretty close for seven years," Mrs. Preskenis said.

### 15-Year-Old Heiress Is Still Missing

DEL MAR, Calif. (AP) — A 15-year-old heiress to part of the J.C. Penney Co. fortune has been missing from her home since March 25, officials said Wednesday.

Sheriff's deputies said Edith Angella Jenkins and Don Collins, 19, of nearby Cardiff, disappeared two days after the bodies of Mr. and Mrs. Edward W. Johnson were found in their Del Mar home. The Johnsons had been stabbed to death.

Cap. Warren Kanagy, chief of the sheriff's homicide division, emphasized that it is nothing more than a missing juvenile case at present.

"There is nothing to connect it to the Johnson case except the time element," Kanagy said.

Kanagy said the Jenkins girl was infatuated with Collins and she left her home during the early hours without saying anything to her mother, Mrs. Anita Jarman Jenkins.

Mrs. Jenkins closed her Del Mar home and went into seclusion. A spokesman said the girl is the granddaughter of Mrs. Daniel Jarman of Salem, Ore., a widow of one of the founders of the Penney store chain.

She reportedly will inherit \$2 million when she reaches age 18.

Police never seen so many policemen before in my whole life," said Bruce Fowler, 18, Atlanta, Ga.

Fowler is one of 40,000 students who have already crammed this town of 37,000. The Chamber of Commerce expects 100,000 to be tolling on the white beaches, wandering in the crowded streets and bursting into the jammed motels by Easter Sunday.

Although hundreds have been arrested since the spring vacations began six weeks ago, the Chamber of Commerce President O.L. White said the kids are nothing like the gangs of 1961 and 1962 that tossed shingles into swimming pools, swamped yards and rioted in the streets of Fort Lauderdale.

Since then, the Fort Lauderdale Easter crowds have shrunk and only 7,500 are expected.

A tent set up by local clergymen sits amid the bikini-clad ladies and street beer carts on the Daytona beaches. It is intended to have an inhibiting influence on the kids.

However, a senior from Jersey City College said it "doesn't disturb our activities."

Colleagues say they have just come for a good time.

"Life is here to go!" a Montclair State (N.J.) junior said. "It's cold in New Jersey, and I just can't stand the cold."

A growing number of student sun-seekers are going to the Bahamas and Bermuda, which cost a lot more but are considered in some circles to be much more fun.

Swedish Girl Is New "Miss Teen"

HOLLYWOOD (AP)—A Swedish girl who wants to be an actress and singer today is Miss Teen International.

Ewa Aulin, 18, a Stockholm model and past-life movie and television actress, won the title Wednesday night in the Miss Teen International Pageant.

Contestants from 11 nations took part.

The U.S. entry, Cinda Lewis, 18, of Santa Barbara, Calif., was second.

Son Named

JEROME — James K. Harris, son of Mr. and Mrs. Henry B. Harris, Jerome, has been elected secretary-treasurer of the Undergraduate Dormitory Council of Columbia College, New York City.

Harris, who was Jerome High School valedictorian in 1964, will serve next year in Columbia University.

Liberal arts college with the student organization which governs Columbia residence halls. He has a Columbia College scholarship and is on the dean's list.

Commuter

NEW YORK (AP) — Dr. Richard P. McKeon, a University of Chicago professor, beginning next fall, will commute 2,000 miles every week between Chicago and New York.

The New School for Social Research said Wednesday that McKeon will teach seminars in New York two consecutive days each week.

His plane fare, a \$180 round-trip, will cost the school \$2,400 in the 1966-67 academic year.

McKeon is a philosopher.

American Soldier in Viet Nam Writes Home About Many Things

CLARKSVILLE, Pa. (AP) — An American soldier in Viet Nam writes home about many things. He tells his wife about the hot, sticky weather. He asks his mother to send cookies. He tells his brother about the M16 — "A real fine gun." He tells them all, "I'm all right."

Pfc. Brent A. McClellan of Clarksville, 21, was killed Feb. 21 in an ambush 300 miles north of Saigon.

His letters home are kept in a neat bundle by his parents, Mr. and Mrs. George McClellan Jr. They tell of discomfort, despair, tragedy, death and of going home — but mostly of death and of going home.

"There is nothing to look forward to over here," he wrote in his last letter, "except going home, and that is too far off and too much might happen before then."

Intricate Colored Glass Window Graces Sanctuary

SHOSHONE — Worshipers entering the local First Baptist Church's new church Easter morning will be inspired and stimulated by the portrayal of 2,000 years of Christianity in a colored glass window that dominated the sanctuary.

This will be the first time the new sanctuary will be used and members of the congregation point with pride to the accomplishment of not only the colored glass artist, but to the completion of the sanctuary itself in time for this Easter season.

Mrs. Luella L. Kinsey, one of the longtime promoters of the church, speaks for the congregation in explaining their feeling about this accomplishment.

She said "the soul of an artist is shown in his work; though a life span may be short, his art is immortal. Creation and design are shown in the works of a composer by his song, his symphony, or a simple harmony; the painter on his canvas; the author by his best seller; the poet by his poetry; the sculpture on his stone.

"The breathtaking display of the colored glass window now manifests a Shoshone artist's soul. This artist is the Rev. Paul Winkler, pastor of the local Baptist Church for the past nine years."

The window has a theme and a meaning that emanates from it. It depicts the crucifixion—the cross against the storm, the life struggle between evil and righteousness. The brilliance of the cross is the dominating feature. The victory of the cross is illustrated by a brilliant river of blood.

Mrs. Kinsey adds "The Christian's faith and hope will be before him when he looks at this window," and she considers it a masterpiece of design by Rev. Mr. Winkler. There were 19

Margaret Saras Mass Celebrated

SHOSHONE — Requiem Mass was celebrated at St. Peter's Catholic Church at 10 a.m. Wednesday for Margaret Mary Saras.

The Rev. Father William F. McQuaid was celebrant. Music was provided by the Church Choir.

Palbearers were Joe Berrioch, John Saras, Robert Hadcock, Sam Saras, Carlos Berrioch Jr. and Richard Baumann.

Concluding rites were held at Shoshone Cemetery.

Long Hair Bars Student

LONDON (AP)—A 20-year-old British student complained today he was barred from France because his hair was too long.

Robert Reid of Edinburgh University said he arrived by ship in Calais Wednesday on his way to a training camp in Dijon for a voluntary youth organization similar to the Peace Corps.

Reid said an official at the passport office "pointed out that my hair was a bit on the long side."

The French government, concerned with frequent public disorders caused by "Les Beatniks," this week ordered immigration officials to refuse admittance to moneyless tourists whose "untidy appearance, shaggy hair and general grubbiess present an undesirable spectacle."

Mrs. Williams Honored at Rites

SHOSHONE — Funeral services were conducted at 2 p.m. Tuesday at the Bergin Funeral Chapel for Mrs. Lizzie Bell Williams by Rev. Paul Winkler, Baptist minister.

Soloist was Mrs. John George, accompanied by the Rev. Mr. Winkler.

Palbearers were Clyde Hughes, Fred Clinger, Frank Carothers, R. W. Grove, Mike Urrutia and Bill Anderson.

Concluding rites were held at Shoshone Cemetery.

The lieutenant and I were very lucky. In that little rice paddy, they killed three and wounded 11."

The company finally took the village. Later that night McClellan found his dead comrades lying side by side. "When I saw those GIs lying under those ponchos, I felt sick. I will never forget Sgt. Comas' face."

"He (the lieutenant) said this is a combat zone and people are going to get killed and we had to face life. I guess he is right."

McClellan's last letters, dated Feb. 23 and 24, talked of the enemy, of a new life after the Army, possibly college, and most of all — of home. But home — "is too far away and too much might happen before then."

'Operation Crackdown' Cuts Subway Crime 62.3 Per Cent

NEW YORK (AP) — "Operation Crackdown," which put uniformed policemen in every subway and train, has cut major nighttime subway crime by 62.3 per cent in its first year, the Transit Authority says.

But the transit police say they are strained by the extra night work, and demand that the 2,722-member force be nearly doubled.

"Operation Crackdown" was launched one year ago today by the then Mayor Robert F. Wagner after a series of brutal subway murders, robberies and assaults.

He assigned a policeman to every train and station from 8 p.m. to 4 a.m. Because there weren't enough transit police to do the job then, 800 regular city policemen were temporarily assigned to subway duty. The cost was placed at \$1.8 million per month, counting the off-day

overtime required of 1,000 city police.

Since then, the transit police force has been beefed up, most recently by 612 new officers on March 15. The authority says "operation crackdown" is so effective it will be continued.

The case that launched the plan was the murder of Andrew Mormile, 17, on a subway train in Brooklyn in March, 1965. Half asleep, Mormile was awakened by another youth who demanded cigarettes and money, which Mormile gave him.

A second youth demanded the same, and when Mormile said he had no more, the youth stabbed him repeatedly.

At least 15 persons saw the murder, but it took police several days to locate any of them.

**NEW YORK (AP)**—The stock market posted a gain on balance early this afternoon despite caution prior to the three-day Easter weekend. Trading was active.

The Associated Press average of 60 stocks at noon was up 3 at 349.4 with industrials off 2, rails up 1.0 and utilities off 1.

Stock markets will be closed tomorrow, Good Friday.

Prices were mixed at the start but gradually developed a slightly higher trend despite profit taking in many issues which have made gains in the recent recovery drive.

Solid group leadership was not apparent although rails were up on average.

American Telephone, which packed blue chips to their recovery, was down a fraction on a precautionary selling.

The Dow Jones industrial average at noon was up .84 at 946.10.

The Wall Street background was regarded as encouraging for higher prices later in the Spring, brokers said, but the uncertainties of the three-day weekend restrained enthusiasm.

Another drag was the approaching tax deadline April 15.

Radio Corp. showed strength, rising nearly a point following reports of record first quarter sales and net income.

IBM climbed 9 points, Zenith nearly 3, Merck about 2. Metro-Goldwyn-Mayer erased most of an early gain which approached 2, then showed a rise of about 1 1/2.

Gains of a point or better were posted for Thiokol, Boeing, Douglas Aircraft, Sears, Roebuck, Goodrich, International Telephone, Eastman Kodak, New York Central, Pennsylvania Railroad and United Air Lines.

Ford lost more than a point. Fractional losers included Standard Oil (New Jersey), Texaco, Eastern Air Lines, Union Carbide, General Motors, Chrysler, Consolidated Edison, American Smelting, Xerox and International Harvester.

After a mixed start, prices moved generally higher on the American Stock Exchange. Up about 3 points were Alloys Unlimited, National Video, Soltron Devices (when issued), Computronics Applications, Ford Canada and Audio Devices. Soltron Devices common gained 11 points.

Gains of a point or better were scored by Walter Kidde, Chromalloy, Bonanza Air Lines, and Barnes Engineering. Atlas Consolidated Mining lost about 2, Horn & Hardart Bakeries about 1 1/2.

Corporate bonds were unchanged. U.S. Treasury bonds declined.

Underclassmen dominated Wednesday when the Twin Falls ruins won another Hank Power Relay Carnival championship over five Class A Magic Valley schools. Sophomore Mike Cryer pole vaulted 12 feet, 6 inches and made two good attempts at 12 feet to crack the previous record of 12 feet he enjoyed with

White of Minico. Minico's Mike Schell, a junior, scaled 6 feet, one-half inch in the high jump to stamp himself as something to watch this spring, although the leap was two and one-quarter inches less than he did last week at Burley. The best individual time was turned in by junior Doug Flint, who skinned

# AFL Might Invade NFL Territory; Foss May Be Ousted as Commissioner

HOUSTON (AP) — A scheduled, but unannounced, American Football League meeting will be held Thursday amid reports that Joe Foss will resign as commissioner and Chicago will become the league's 10th club with George Blanda as head coach. The reports came in rapid-fire succession Wednesday night when it became known that the league had scheduled a meeting for Thursday but had not

FROM ALL ANGLES

By LARRY HOVEY  
Back from the sunny south-land and the National Sports-writers Awards banquet and we're here to tell you the south-ern hospitality is still working overtime.

This time the Salisbury, N.C., affair was a quiet thing—by comparison—marred only by our searching for the tenor part in a couple of renditions in Sweet Adeline.

There's a little grumbling about with the owner of the Dodgers, Walter O'Malley, head-ling the hate list. Vin Skully, who does the Dodge play-by-play, was named national sportscast-er of the year but O'Malley wouldn't let him off the Grape-fruit tour long enough to pick up the plaque and drop some of the lowdown on the Drysdale-Koufax holdout. O'Malley said Skully could have one day off, which meant he'd have to take a chartered plane. The NSSA, with about 600 members at \$2 per head, declined to undertake that act of charity.

The New England writers and casters have aligned themselves with the Ivy League thinking on this 1.6 minimum. The scholastic re-quirement the NCAA has adopt-ed. The schools feel this is not in the province of an athletic as-sociation.

The Easterners also claim the growing use of junior colleges as scholastic and athletic prov-ing grounds for Western univer-sities is making intercollegiate sport a travesty. They liked to point to Texas Western, the NCAA basketball champs, which picked almost its entire squad off JC teams across the coun-try.

The rest of the boys connected with colleges believe the 1.6 rule will be so fraught with amend-ments and revisions that the next year or two it will not last.

And guess what the big ques-tion was when this writer was introduced as being from Idaho. Nope. Nothing about "you grow a lot of corn out there." (Sorry, sir, you're thinking of Iowa.) "Just where is Idaho from Kan-sas City?" or "Hello, Taters."

This year it was "Hey, you've got that basketball coach at one of your schools who goes Holly-wood, haven't you." This, of course, referred to Claude Reth-erford, Idaho State mentor, whose antics landed him a good play in Sports Illustrated.

The consensus was there is probably only one other pretender to Retherford's Hollywood crown. He's the coach at Okla-homa, something Stevens, we're told. He did beat Retherford on one point. At one time last year he had the gymnasium lights partially dimmed and a nice white spotlight trained on him-self when he was introduced. "My dad was in show business, you know," he reportedly said afterward.

Perhaps the highlight of this year's meeting was a talk given by the Rev. Bob Richards of the Wheaties Sports Foundation. What a spellbinder. He deliv-ered a great speech and brought in dozens of parables to illus-trate his points.

We thought a good one went like this: "To accomplish a re-cord breaking feat in athletics you must be prepared to endure three things—hurt, pain and ag-ony... because by the end of the race you have nothing to offer but a high threshold of pain."

Jim Murray, the outstanding Los Angeles columnist and a former national winner, said all spring there was only one game he knew he wasn't going to miss. It's an annual affair in Los Angeles where the Dodgers play some of the Hollywood movie figures.

"It looked for a while like the actors were going to have a heck of a pitching staff this year," Murray pointed out.

Lindsay Nelson, the voice of the Mets, told a Southern Belle, who was admitting she'd "neva-h seen a majah league baseball game." "Why don't you see the Mets first, then try major league ball."

All in all it was another great trip. Again our thanks to the Times-News for making our par-ticipation possible.

# Milwaukee Will Trade Braves for Expansion Team

MILWAUKEE (AP) — Trial of "Wisconsin's" antitrust suit against baseball ended Wednes-day night as the state offered to let Atlanta keep the Braves if Milwaukee is given an expan-sion team in 1967.

Baseball attorneys made no mention of accepting the offer in their closing arguments. One attorney objected strongly to the state's insistence that the court supervise the proposed expansion.

Circuit Judge Elmer W. Rol-ler, after presiding over the 38-day trial, promised a verdict before the start of the 1966 base-ball season Monday.

"I'll try to have it Saturday or Sunday," he said.

The Braves are scheduled to open in Atlanta against the Pittsburgh Pirates next Tues-day.

Willard Stafford, special coun-sel for the state, said baseball would have to decide on his of-fer before Tuesday.

Baseball Commissioner Wil-liam Eckert, reached in Wash-ington, said the offer "will have to be studied."

Stafford said Milwaukee would forego baseball complet-ely this year if the National League will return the city to its ranks one year from now through expansion. Wisconsin originally had asked expansion this season.

Braves attorney Ray McCann argued that the state's proposal that expansion be carried out for the 1967 season under Judge Roller's supervision was im-practical.

If the National League will not assure Milwaukee of a 1967 team through expansion by that deadline next week, Stafford said the state will ask Judge Roller to order the Braves to return here immediately.

The offer by Stafford came as attorneys presented their final arguments in the antitrust trial in Milwaukee County Circuit Court. The trial, considered the severest test of baseball's tradi-tional immunity from antitrust since 1922, started Feb. 28.

Wisconsin's suit accused the National League and its 10 members of violating the state's antitrust laws by the approval of the Braves' transfer to Atlan-ta after 13 seasons here. The state says baseball is a monop-oly and acted in illegal conspir-acy in moving the Braves.

The state asked that the Braves be brought back here under court order or that the National League add an 11th team for Milwaukee immediat-ely.

Braves attorney Earl Jinkin-son said the return of the team here would bankrupt the club. He said Milwaukee is "no long-er a good baseball city as far as the Braves are concerned."

The only reason for return of

the Braves, Jinkinson said, had no authority to tell the club owners which players to make available for an expansion team.

Stafford, while making his suggestion, said the court nev-ertheless should find the 10 Na-tional League teams guilty of violating the state antitrust laws. He said each team should be fined \$10,000.

Baseball's defense has hinged on arguments that it would not be economical to remain in Mil-waukee, and that Congress has, by lack of action, made baseball self-regulating and placed "it outside the province of antitrust laws."

The state has argued that the departure of baseball would cost Milwaukee's economy \$18 mil-lion annually. It said the Braves' move resulted from a desire to pay off multimillion-dollar debts resulting from the purchase of the club by a Chica-go business syndicate four years ago with borrowed money.

## Lenten Guideposts This Was Mama's Dream

By NIMMIE BEY SNEELGROVE  
Miami Springs, Fla.

Mama picked up the last well-scrubbed plate, stacked it, and stood all nine of us children out the door. "Back by six now," she called after us. I went back because I wanted to see if Mama was going to do it again.

I knew, even if the younger children didn't, that there was no food left in the house. Papa earned \$15 a week as a meat cutter, and since Mama had paid a doctor's bill that Monday, the money had simply run out. For two days we'd been eating peanut butter and oatmeal but now even that was gone.

And still there was no sense of fear in the air. Mama began to set the table.

What a feeling that was, helping my mother set table for nine children and two adults just as carefully as if the larder were full.

She paused to straighten the two little signs that hung there at eye level above the drain. "Jesus never fails," one of them said. "Prayer changes things," said the other.

A Neighbor

At four o'clock there was a knock on the door. "Sister Bey?" I recognized the voice of Mrs. Allen, a lady who lived down the street. In walked our neighbor with a large paper bag under her arm. "I was just wondering, Sister Bey," said Mrs. Allen. "If you could use a few of these string beans from my garden. Seems like they're all coming in at once."

That night we sat down to a feast: delicious cups of bean-flavored broth as a soup course, followed by beans cooked in bacon drippings, topped off with a crisp bean salad. Papa said a second blessing after the meal.

Mama was always "setting a table" in this way. I remember very clearly how she bought our family home with a down payment of \$50.

In Furnished Rooms

We had been living in furnished rooms until then. My little sister took sick one day and the landlady said we'd have to get out.

That night Mama told Papa she wanted a home of her own. Papa didn't need to remind Mama that we had a hard time even paying the rent. Where were we going to get enough money to buy a house?

"Papa," Mama said, "if the Lord and I work out the details will you sign the papers?" The minute Papa agreed she marched down to Bartog Realty and told Mr. Bartog she knew the house she wanted. She wanted Mr. Bartog to take a down payment on the down payment. "Will the owner let us move in for \$50?"

Mr. Bartog laughed but he agreed to make the proposal. A few days later he arrived at our door all excited. He just couldn't understand it, but the owner had agreed, and we could move in.

A Wish

Mama was dusting, and I could have sworn she winked at me as she passed her feather duster over the frame of the sign that said, "Prayer changes things."

Our new house turned out to be just right. We lived there for 20 years, paid off the mortgage, and watched the value of the house and land double.

But there was still one major crisis ahead. Papa, in the year he reached 60, came home one day with the news that he had been let go. He was too old.

Papa found another job, but we could all see the signs: the day was coming when he would not be able to get work as a meat cutter.

"Papa," Mama said, "what we need is a little corner grocery store. Not too big. Not too small. If the Lord shows a store like that will you let me buy it?"

A Dream

Papa agreed and Mama set out to find her little store by saving a prayer. "Lord," she said, "somewhere in this city you have a little store that's up for sale. Show me the store, Lord, won't you?"

And that night Mama had her

dream. She saw herself floating down a river. She came to a rickety little footbridge and on the bank was a small store, low and long and painted white. All she had to do was find it.

She answered every store-for-sale ad; she placed ads of her own in the paper; she made the rounds of the real-estate people asking if they knew of a store that fit her description.

Finally she met an agent who said, "You've already seen the property then? I have a listing like that."

They drove out to Miami Springs, and there it was. Just exactly as Mama had seen it in her dream.

Met Bills and Tithed

That was 20 years ago. Papa is 80 now, and Mama 73 and they are just getting around to thoughts of retiring.

The little store has done very well by them. They built the gross up from \$19 a day to over \$100 a day. They bought a little land and two houses and put their children through school and watched their family grow until they had 33 grandchildren and 16 great-grandchildren.

They met their bills, and paid taxes and tithed to their little Pentecostal church and still they had money left over.

And where did all this come from? We know, in our family. But it is likely to be Mama who puts it into words. "The answer to all our questions is right here," Mama, nodding toward the sign in her kitchen which says, "Jesus never fails." "The whole trick is in finding enough faith to believe the good news."

## Handy Helpers Work on Project

Handy Helpers 4-H club members decided to continue gathering quilt pieces which they will take to Skyview Manor as a community service project when they met Tuesday at the home of Mrs. Kenneth W. Marshall, leader.

Girls learned to press hems and to miter corners in the head scarf each is making as part of her project. Debbie Bingham served cookies which were judged by the group.

The next meeting will be held April 12 at the home of Mrs. Marshall.

## Two Units Work Together For Safety of President

WASHINGTON (AP) — The Defense Department and the Secret Service have agreed formally to stay in close touch "to insure the timely exchange of information" on possible dangers to the life of a president.

The agreement was signed last Dec. 14, about 15 months after publication of the Warren Commission report recommending such an action, among others, to prevent a recurrence of an assassination like that of President John F. Kennedy.

The pact came to light today when copies were bound into a batch of routine orders. The document still bore the stamp "For Official Use Only."

The Pentagon gave no explanation as to why the agreement had not been made public officially and said, "It still is for

official eyes only."

As spelled out in the document, the purpose of the Defense Department-Secret Service agreement "is to provide procedure for and define the types of information to be furnished" by the Pentagon to the Secret Service so the Secret Service "may best fulfill its responsibilities to protect the person of the President of the United States."

The Warren Commission had found there was an information gap between the FBI and the Secret Service prior to the assassination of Kennedy. It criticized no other agency of government, but urged Secret Service agreements with each federal arm to insure receipt of vital information bearing on possible peril to the life of a president.

## Reservoirs At Carey Are Nearly Full

CAREY — Little Wood reservoir is full and Fish Creek reservoir is within nearly four feet of the top, water officials here reported Wednesday.

Runoff is just getting started in the Little Wood-River drainage, according to Boyd Stocking, watermaster, but he said no problems were expected with flooding this year.

The runoff this spring has been gradual and Stocking said he is holding the water level even with the spillway with 600 second feet being released by the gates and 4,000 inches going over the spillway. The reservoir filled Sunday night and contains 29,961 acre feet.

Irrigation had not yet begun Wednesday but Stocking said he expects people will start using water soon for lawns if it does not rain.

Fish Creek Reservoir measured 87 feet, 10 inches with a maximum of 92 feet or 14,211 acre feet. Runoff there is nearing the end and the creek is down, according to Lee Eldredge, vice president of the Carey Valley Reservoir Co., which operates the dam.

Gates are closed and all inflow is being stored. If it becomes necessary the water level can be lowered rapidly by opening the gates, Eldredge noted.

He said repairs on the 1965 flood damage and building of a diversion are expected to be completed April 13. The work site is near Lee Peterson's ranch, six miles northeast of Carey.

## 9 Valley School Papers Rated

UNIVERSITY OF IDAHO, Moscow — Nine Magic Valley schools were among those receiving honors for their newspapers at the state journalism conference here.

Wood River High School, Hailley, won a first place plaque for general excellence in its class. Minico High School, Rupert, won first class in the letterpress and offset class, and Burley was second.

Wendell got all-state honors and Gooding and Shoshone, second class in Class II, duplicated papers, enrollment over 250. Dietrich and Hansen were first class and Glenns Ferry second class in Class III, duplicated newspapers enrollment under 250.

COMPLETES COURSE  
RUPERT — Army Pvt. Vernon E. Previtt, son of Mr. and Mrs. Chester E. Previtt, Route 4, Rupert, has completed a food service course at Ft. Ord, Calif.

One of the categories of information which the Pentagon is now obligated to give the Secret Service involves "individuals who have threatened or attempted to redress, by other than legal means, a real or imaginary grievance against the federal government, including a less than honorable discharge."

Other categories include:  
— Individuals or groups who have made threats of bodily harm or have advocated assassination of the President or other officials.  
— Military and civilian personnel of the Defense Department discharged with or because of an abnormal mental condition which "is deemed to constitute a threat to the safety of others."

— Defectors from the U.S. armed forces "and other military personnel, including deserters, who have refused repatriation or whose acts reflect an attitude of hostility which might be directed toward the President."

— Present and former military and civilian personnel "who are believed to have collaborated with the enemy or to have committed treasonable acts."

Persons who have been discharged from the armed forces or fired from civilian employment in the Defense Department on a security or suitability grounds.

## Richfield Rites Slated on Friday

RICHFIELD — Good Friday services will be held at 2 p.m. Friday at the Richfield Community Methodist Church under the direction of Rev. Ralph Cairns, church pastor.

Communion services for both the Shoshone and Richfield churches will be at 8 p.m. Thursday at the Shoshone Methodist Church.

A post-Easter public dinner is planned by the Richfield WSCS Tuesday evening at the church recreation rooms. Serving will start at 5 p.m. Dinner committee includes Mrs. C. M. Pridmore, Mrs. Myrtle Riley, Mrs. Lester Ward and Mrs. Eugene Faddis.

No WSCS meeting will be held Tuesday because of the dinner. The April 26 meeting will be held at the home of Mrs. Lester Ward.

## Lower

TUTTLE — The Malad River where it runs through the north edge of Tuttle is slightly lower after running bank full over the weekend and Monday.

No flooding was reported but the stream was running into the overflow channel east of Tuttle. The water makes an impressive sight and sound as it plunges over the rocks at the railroad bridge down into the deeper part of the canyon.

## Easter Egg Hunt Slated On Saturday

BUIH — The annual Easter egg hunt for local youngsters sponsored by the Buih Chamber of Commerce and Buih Jaycees will be held at 10 a.m. Saturday with all youngsters through the sixth grade invited to participate.

The hunt will be for three different age groups. All pre-school children will hunt at the high school football field; grades 1-3 in the city park at the east end by the elementary school, and grades 4-6 in the city park on the west end on the Eighth Avenue side.

Hundreds of prize eggs will be distributed in the seasonal event and each are worth 10 cents when redeemed at the Buih stores after the hunt. Another special feature of the day compliments of the sponsoring organization is a free movie at 2 p.m. at the Ramona Theater.

No tickets will be given away, but all youngsters attending will be admitted free.

## Two T. F. Girls Attend Conclave

Mary Webster and Dorinda K. Dunlap, both Twin Falls, are representing Idaho State University at the International Associated Women Students Conference in Phoenix, Ariz., this week.

Both girls hold key positions this year in ISU's Associated Women Students. They flew to Phoenix earlier this week to attend the conference.

Miss Dunlap, daughter of Mr. and Mrs. Craig Dunlap, Twin Falls, was graduated from Filer High School in 1965.

ISSUES LICENSE

### Answer to Previous Puzzle

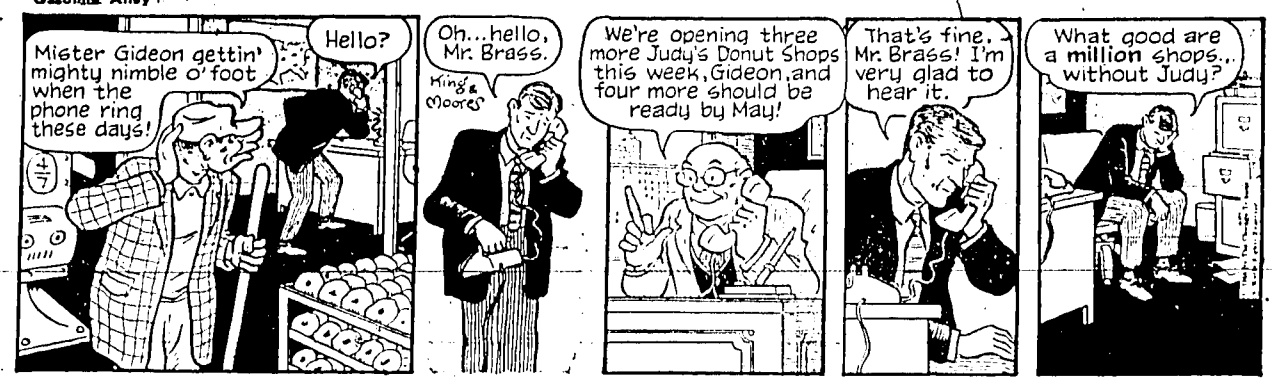

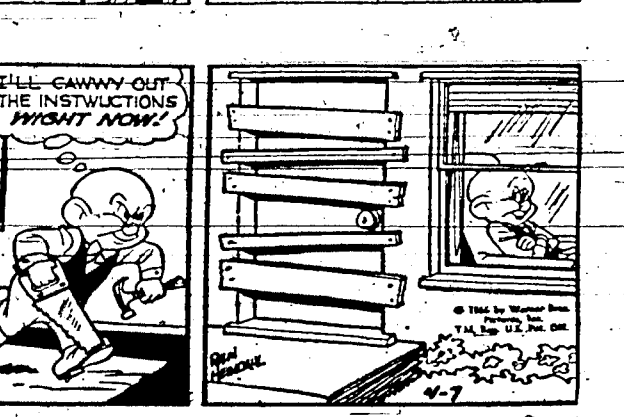

"Dear, why don't you and Bobby do the dishes while you're having your little talk about the birds and bees?"

"I think we'd attract the young people more if we had a better sounding name—'Position Corps', for example!"

"We're thinking of impeaching one of the boys on the student council. We discovered he's dating a girl from another school!"

## YOUR BIRTHDAY and HOROSCOPE

**THURSDAY, APRIL 7**—Born today, you men and women appear on the surface to be of separate types insofar as essential nature is concerned. This, however, is due more to your separate ways of expressing more or less the same character traits than it is to a difference in those traits themselves. Though you are both idealistic, you men will be more aggressive in demonstrating your idealism while you women will be satisfied to be the power behind idealistic movements and men.

You men have a natural talent for verbal expression and thus should make excellent public speakers, teachers, statesmen, politicians and the like. You women, on the other hand, have a talent for words that is more likely to confine itself to the written word, and for this reason you will perhaps be less known to the public though your contribution may well be as great as any man's. There is also the natural inclination of you women to take your bread less seriously, for your bread and butter will hardly depend upon living up to them.

You men should make it a point to set yourselves definite goals in life. Otherwise, you may find yourself wasting your talents upon matters of little consequence. You women, on the other hand, should learn to look upon your talents as deserving of all the cultivation and development you can give.

## Six Members Join Grange At Hagerman

HAGERMAN—Master William Scruggs conducted the Hagerman Grange meeting and gave the obligation to six new members Monday evening at the Grange hall.

New members are Mr. and Mrs. John K. Barton, Mr. and Mrs. K. A. Barton, and Mr. and Mrs. James Bright. Mr. and Mrs. Stan Bergstrom will be transferred from the Wendell Grange.

Mrs. Glenn Bright, West Point Grange, and Vernon Ravenscroft, Tuttle, were guests.

Plans were made for the pancake supper which will be held from 6 to 8 p.m. April 18 at the Grange hall. Games and cards will be played after the supper.

Mrs. Scruggs, lecturer, introduced Vernon Ravenscroft and now Brackett who discussed the proposal to streamline the state government by consolidating various commissions under a general head.

They also talked on the revenue charges on the brand inspection and told trends of cooperative marketing progress. They discussed the sales tax issue and held a question period.

Refreshments were served by Mr. and Mrs. Fred Leach and Mr. and Mrs. Ralph Miller, who used the Easter theme in decorations.

The next meeting will be held April 18.

them. Both men and women born today can be leaders—but both will have to work at it. To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

**Friday, April 8**  
**ARIES (March 22-April 20)**—Activity counts today, even more than having a fresh idea. Be alert to opportunity and make progress.

**TAURUS (April 21-May 21)**—If you're looking for advancement, today may be the day for making your bid. Take your appeal directly to the top.

**GEMINI (May 22-June 21)**—A possible journey in connection with a new and perhaps vital idea may well bring future if not immediate gains.

**CANCER (June 22-July 23)**—Progressive action and inventive ideas are the double keys to success today. A good day for making gains in the business world.

**LEO (July 24-Aug. 23)**—Time for the Leo who knows his stuff to let the world know about it. Don't confine your activities to your own little bailiwick.

**VIRGO (Aug. 24-Sept. 23)**—You should be able to make exceptional gains today if you keep your nose to the grindstone and your feet on the ground.

**LIBRA (Sept. 24-Oct. 23)**—A good day for finding the position you've been looking for, whether it happens to be within or without the organization you're now with.

**SCORPIO (Oct. 24-Nov. 22)**—Be sure you're on the right track; affairs may begin to move so fast that it will be difficult later to change course.

**SAGITTARIUS (Nov. 23-Dec. 22)**—Attain at least one important goal before you terminate this work-week in favor of a quiet week end.

**CAPRICORN (Dec. 23-Jan. 20)**—Although the job at hand may not seem as important as one at a distance, you may be quite wrong. Take first things first.

**AQUARIUS (Jan. 21-Feb. 19)**—Contacts with any persons of social prominence you happen to know could be of great aid to you now both socially and professionally.

**PISCES (Feb. 20-March 21)**—This can be a day of personal triumphs for the Pisces who goes after long-sought objectives with wit and a will.

## Food Prices To Decrease On Weekend

NEW YORK (AP) — Traditional Easter dinners may cost a bit more this year than last, but food shoppers will find generally lower prices this weekend than they have in months.

Stores are offering specials on ham, turkey and leg of lamb. Ham prices are down as much as 5 cents a pound on the West Coast. Turkey is down 2 cents and lamb 3 cents.

There are plenty of eggs for the Easter bunny, with prices down 2 to 4 cents a dozen at a New York City area supermarket chain.

Butter is down as much as 1 1/2 cents a pound, but that may not last. Wholesale prices on fresh butter rose this week. Butter for production the week ended April 1 was down 27 per cent from a year ago.

Milk, cheese and other dairy products may be going up, too. The food industry is scrapping last year's "food is a bargain" campaign for one emphasizing family well-being.

Even President Johnson took notice of food prices this past week. He asked housewives to keep an eye on items on which prices were rising, and then try to eliminate them from their shopping lists.

The federal government reported a further decline in farm prices — and eventually consumers' food bills — appears probable this month, with ample supplies of pork, eggs, poultry and vegetables.

The first Florida peas and Texas celery of the season are moving to the market, along with increasing strawberry shipments from Louisiana and Texas.

Pole bean, carrot, celery, endive, escarole and cantaloupe prices are lower in some areas. Higher are cucumbers, onions, peppers, tomatoes, cauliflower, bananas and grapes.

Temperatures in the 90s in the California delta have hurried along the asparagus crop, which is crowding into the market.

Tuna fishing is improving. The California canners packed 59 per cent more cases the week ended March 26 than a year ago.

## Registration

All Twin Falls boys interested in playing Knott's baseball this summer must be registered by May 13, states Chad Browning, Twin Falls city recreation director.

Registration will be held May 2-12 at Harmon-Berk Recreation Building. Players already on a team do not need to register, but should make sure their names are on the team roster.

Players that played last year and not on a team this year must register.

Players cannot change teams unless their names are registered and put in a box for drawing.

## 141 Dozen Eggs Donated For T.F. Hunt

Twin Falls grocery stores donating eggs for the annual Easter egg hunt, slated for 10 a.m. Saturday in the city park, were announced Wednesday by Chad Browning, Twin Falls city recreation director.

Donating the 141 dozen eggs were United Blue Ribbon, Eastside Market, Swenson's Magic Markets, Albertson's Food Center, Safeway, Shelby's Market, Marty's IGA Market, Jay's Save-On Foods and Buttreys Super Store.

The egg hunt will be divided into four age groups, 3 and under, 4 through 5, 6 through 7 and 8 through 10 years. Cash prizes will be given to children in the first three groups who have golden eggs and season swim passes will be given to those in the 8 through 10 years of age group with golden eggs.

Browning said there will be 16 golden eggs. The eggs were dyed and colored by the home economics department at O'Leary Junior High School.

Sponsoring the egg hunt is the Twin Falls Exchange Club and Twin Falls Parks and Recreation Department.

CONTRACT REVEALED WASHINGTON (AP)—An additional \$16.9 million Navy contract with United Aircraft Corp., Stratford, Conn., for helicopters has been announced through the offices of Connecticut senators. The award is a supplement to a contract.

# Conscientious Objector Is Ready to Aid Country

RISING FAWN, Ga. (AP) — Desmond T. Doss is a frail and meek looking man who served in World War II and says he stands ready to serve his country again if called upon. He says he expects his son, Desmond Doss Jr., 19, to do the same.

When Uncle Sam gives orders, you do or die trying," Doss says.

What is unusual about Doss, 47, is that he is a conscientious objector — a Seventh-day Adventist — and the only conscientious objector to win the Medal of Honor.

A 126-pound former cabinet maker, Doss lost one lung and six ribs and suffered other serious injuries as a result of duties in World War II. He now lives a quiet existence in this remote Lookout Mountain community.

Doss won the nation's highest military decoration as an army medic in the battle for Okinawa in 1945. His Medal of Honor citation credits him with the single-handed rescue of 75 men on a jagged escarpment. The citation said Doss — a private — showed "outstanding bravery and unflinching determination" in going beyond American lines to rescue the soldiers, bring them

back under fire, and lower them from a 30-foot cliff on rope ladders.

Doss, who refused to touch a weapon or stand Saturday in inspections because these things were contrary to his religion, was the butt of jokes and abuse when he was drafted in 1942.

But he refused a discharge. When other enlisted men threatened to kill him, Doss prayed for them.

"I couldn't kill anybody or anything," said Doss, whose 11-acre mountain farm is something of a wild animal sanctuary.

The Army finally made him a medic and shipped him to the Pacific in 1944.

He landed with troops of the 77th Infantry Division on Guam and Leyte, where he won the Bronze Star, and then moved on to Okinawa.

His feats of heroism came on a Saturday and Sunday when Japanese in concealed positions beat back an American advance and left scores of soldiers lying wounded.

Doss crawled among the soldiers, bandaging, administering morphine and plasma and lug-

ging them to safety.

Finally wounded by a grenade, Doss lay on the battlefield for six hours before other medics reached him. But as he was being carried to a first aid tent, Doss saw other soldiers more seriously wounded. He crawled off the litter and refused to be evacuated.

Later he was shot by a sniper and crawled to first aid. Tough GIs wept when they saw him.

Doss said his son, who works in Chattanooga, Tenn., received a 1A draft classification recently.

"He has applied for a 1AO classification, which means he

has religious reservations about carrying arms," said Doss.

Seventh-day Adventists don't serve both God and country, volunteer for military service but they don't object to being drafted, Doss said.

"We should be called conscientious cooperators. We serve both God and country. The Bible teaches that a person should recognize the power of his government."

## Dietrich PTA Names Aides

DIETRICH — Martin Jauregui was installed as new president of the Dietrich PTA Monday evening at the regular PTA meeting.

Other officers installed were Glenn Sorenson, vice president; Mrs. Jane Meservy, secretary; and Mrs. Delores Towne, treasurer.

Outgoing officers are Mrs. Marvin Pitman, president, and Martin Jauregui, vice president. Mrs. Meservy and Mrs. Towne are holdover officers.

Mrs. Arlene Kisting was installed officer. It was announced that district conference will be held at Carey on April 23.

A movie "Anatomy of an Accident" was shown under the direction of Mrs. Judith Stroud.

Supt. Harold Stroud and Roger Stoddard were instructed to obtain more information on a loud speaking system for the gymnasium.

He has applied for a 1AO classification, which means he

has religious reservations about carrying arms," said Doss.

## NOTICE

In view of changing times and in fairness to office help, my office will be closed Wednesday afternoons and all day Saturday starting May 1st.

In regard to Medicare, the American Medical Association has stated that it is the law of the land and calls on its members to comply with the law. However, in creating a demand for service without providing adequate supply of Doctors and other medical personnel, I feel the program can only lead to the FAILURES of second rate care.

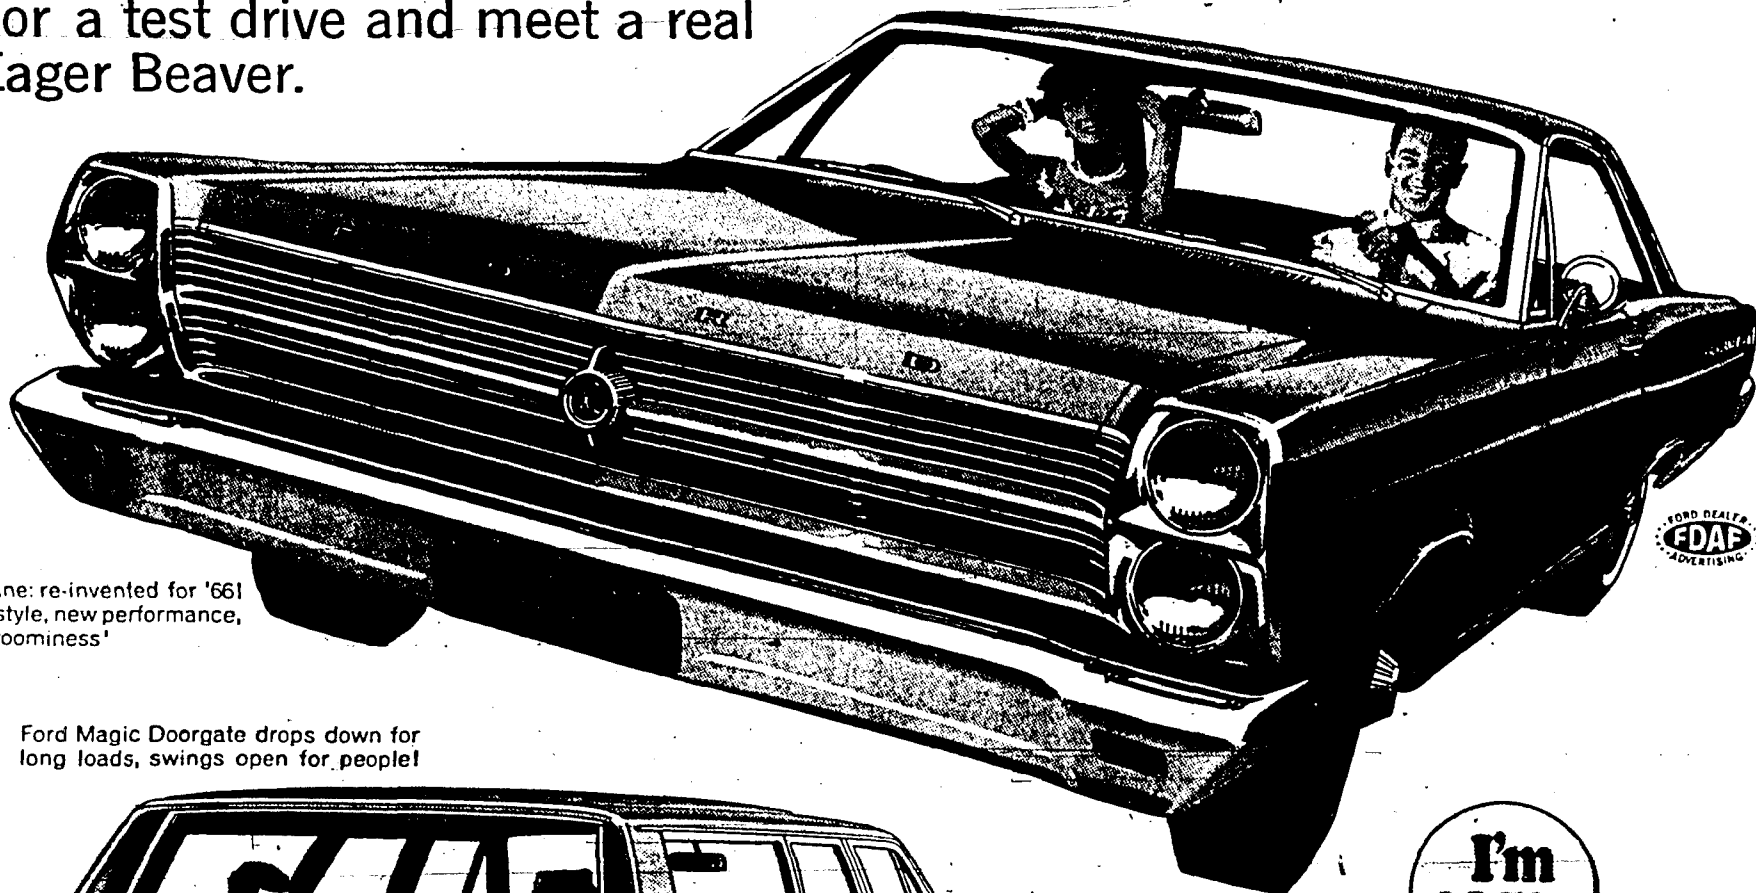

We will accept our old patients who sign for Medicare, but in the interest of good medicine, cannot accept on Medicare new patients we are not caring for at the present time.

# weed control

the easy way to clean  
up weeds around fences,  
outbuildings, standpipes

HERE'S HOW  
IT WORKS...

### 1st TREATMENT

Apply the flame only long enough (approximately 1/10 of a second) to turn the weed a darker shade of green. This ruptures the plant cells and kills the weed.

### 2nd TREATMENT

Allow one week for nature to dehydrate the weed (turning it brown). Then a very small amount of flaming will burn the trash, destroy the seed, and kill any new growth.

**COSTS?** You can clean-up from 1 to 2 miles of fence row per hour with 12 to 15 gallons of fuel!

**SAFE!** It's simple to operate and no harmful residues remain — nor do you need to gamble on the weather.

**KILLS WEED SEEDS** with regular use.
